### Noted Banker Is To Address Clubs

Lions Will Be Hosts July 5; Lived in Kingston

Edward F. Hutton, nationally known investment banker, will address members of the Kingston Lions Club and other invited guests at a meeting Tuesday, July 5, at the Governor Clinton Hotel. Kiwanis and Rotary Clubs have been invited to join with the Lions Club on that day. Hutton will be honored by the local service clubs for his achievement of raising from a small beginning here in Kingston to the top of the banking profession. In recent years he has been pleading for the practice of the basic American principles which are the source of our liberties.

Born in New York, Hutton came to Kingston at about the age of 20 and found employment with the Diamond Truck and Car Gear Company at its plant on Foxhall avenue between Gage and Emerick streets. That company later developed into the Universal Road Machinery Company.

At 21, he returned to New York and the same year gained a seat on the stock exchange. This explains his intense feeling for America, Snyder said, because Hutton himself says that this could only happen in America.

He organized the Edward F. Hutton Company, a brokerage firm, and installed the first brokerage wire service in the country.

His other interests included assembling the vast General Foods Company and he was one of the

## Man Is Victim Of Heart Stroke

### Harold Miller, 43, Dies at Kingston Hospital Monday Night

Harold Miller, 43, of 41 East Strand, who collapsed while loading a truck at 13 Chambers street at about 8:30 p. m. yesterday, died at Kingston Hospital at 11 p. m.

Dr. Kenneth H. LeFever said that death was due to a heart stroke, and that the man's temperature was 110 at the time he was examined.

Police headquarters was notified at 8:32 p. m. that a man had become suddenly ill at the Chambers street address, and a W. N. Conner ambulance was dispatched to the scene. Officers Prince Fagan and Clarence Stickle answered the police call.

The son of the late Jacob and Helen Miller, he is survived by a sister, Mrs. John Ellsworth; two brothers, Henry and Joseph; a half-sister, Mrs. William Banks; and a half-brother, Francis Drake. The funeral will be held from the Jensen & Deegan Funeral Home, 15 Downs street, at 2 p. m. Thursday. Burial will be in the West Camp cemetery.

### Suffers Cut Foot

Harold Corbin, 15, of 44 Meadow street was taken to Kingston Hospital yesterday afternoon for treatment of severe foot lacerations. Police headquarters was notified at 2:15 p. m. that the boy had cut a foot near the beach at Kingston Point and he was taken to the hospital by Officers Elbert Hoper and Gurnsey Burger. The officers said he had apparently stepped on a broken bottle.

## Britain Summons Planners to Talk On Economic Crisis

### Finance Ministers to Meet Early in July; Will Try to End Drain on Reserves

London, June 28 (AP)—Britain has called the Commonwealth's highest financial and economic planners to emergency talks on its deepening economic crisis.

Official sources reported today the conference of finance ministers will be held in early July at a date to be settled later.

Invitations were sent last week to Australia, Canada, Ceylon, India, New Zealand, Pakistan and South Africa. Only South Africa has so far accepted.

An official statement formally announcing the talks is expected later today.

Purpose of the meeting would be to talk over ways and means of cutting down the drain on Britain's gold and dollar reserves.

These have dropped from \$2,208,000,000 to \$1,884,000,000 in the past year despite Marshall Plan aid and an all-out export drive.

The treasury, in the past, has been reported as considering \$2,000,000,000 the "danger point" below which these reserves could not be allowed to go without threatening the stability of the pound and the country's position as banker to the sterling area.

The crisis is rapidly coming to a head because the year-old system of payments among Marshall Plan nations runs out Thursday.

Under the scheme members traded with one another on a bilateral basis, granting credits only in their own currency. Payments, moreover, could not be demanded in dollars.

Now, however, France and Belgium with some United States backing, are demanding full convertibility of currency among the nations in the Organization for European Economic Cooperation.

"They say the only way to increase inter-European trade is to make the currencies of all countries freely convertible with each other, dollars and gold."

Britain says such a system would not widen multi-lateral trade, but would merely turn into a race to see which country could acquire the most dollars.

These problems will be thrashed out today and tomorrow at an O.E.E.C. meeting in Paris.

W. A. Harriman, American roving ambassador for the E.C.A., conferred in London with Sir Stafford Cripps yesterday, and the result of their talk was not made public.

## Two Men Flee Prison Farm; Area Combed

### Escapes Believed in Vicinity of Wallkill Institution at Wallkill

Wallkill—An intensive search was under way today for two convicts who escaped from the Wallkill Prison farm near here yesterday.

Prison officials expressed belief that the convicts were in an area within three miles of the prison. Prison attaches and state troopers were combing the area.

The two men were Jack Mote, 19, of Buffalo, N. Y., and Robert Landon, 20, of Elmira, N. Y.

According to the Associated Press, Mote was sentenced from Erie county to two and one-half years on a second degree assault conviction, and Landon was sentenced to five years for third degree burglary at Genesee. Each had served three months and had been at Wallkill only two weeks.

The two convicts escaped while working in the fields of the wall-less prison farm. They wore gray prison clothes.

A prison attaché said a guard assigned to their group saw them walk away, but was unable to leave his other charges. He gave an alarm and a search was started within 20 minutes.

State police at Highland and Lake Katrine sub-stations this morning reported all available men have been ordered to join the search for Mote and Landon, who are still at large. Bloodhounds were brought from troop headquarters at Sidney in attempt to track down the escapees.

Highland was reported that a truck was stolen from Montgomery shortly after the break. The truck was driven to Ferndale, where it was hailed by troopers. The driver left the truck and, after being fired upon by a trooper, disappeared into the woods just before dark. Highland station reported. It has not been definitely established that the person who stole the truck was one of the Wallkill escapees, state police said.

According to information a the Ulster county sheriff's office in Kingston, Landon escaped once before from Wallkill, about a year ago, and was recaptured. A reward of \$50 is offered for each of the escapees.

### Blames Diaper Dye

Lake Wales, Fla., June 28 (AP)—A strange illness that turned newborn babies a bluish tinge at times, caused the death of a fourth infant today. One of the babies is still under treatment. Miss Kelly, superintendent of Lake Wales Hospital, said doctors believe the attacks were caused by poisoning from a laundry dye used in marking diapers. "We're not sure," she added, "we've made a research of everything." Results of an autopsy are being awaited. The five infants became ill June 21 a few hours after the first batch of diapers marked with a new dye containing aniline oil was used, Miss Kelly said.

### Suffers Broken Leg

Frank Dimetro, 3, suffered a broken leg and bruises when he was struck by an automobile which was backing out of his father's driveway in the village of Highland about 5:30 p. m. Monday, state police reported. The automobile was driven by James Casabura, 19, of Highland, who had stopped at the home of the child's parents, Mr. and Mrs. Joseph Dimetro, to purchase a watermelon, state police said. The child was taken to Vassar Brothers Hospital in Poughkeepsie for treatment.

### Fractures Ankle

Mrs. William Hutton, 28, of Woodstock suffered a fractured ankle in a mishap this morning, as she was getting from an auto to her home. She was taken to Kingston Hospital, where her condition today was described as "good."

## John Glennon Is Lone Taxpayer at Hearing; Budget Goes to Council

Four members of the Board of Education, Joseph Bruck, chairman of the Finance, Ways and Means Committee of the Common Council and one lone taxpayer, John Glennon, attended the public hearing Monday evening on the 1950 school tax budget.

There was no opposition expressed, and after President Robert Herzog had gone over the budget item for item and explained major items to Chairman Bruck and Mr. Glennon, the meeting was adjourned and the budget will be submitted to the Common Council next Tuesday for its approval.

Attending the meeting was Superintendent A. J. Laidlaw, President Robert Herzog, Trustees George Matthews, N. J. Fowler and Clarence Rowland representing the board.

Mr. Herzog explained that at the suggestion of the city treasurer there had been a slight downward adjustment in the budget over the figures presented last Thursday evening when the board tentatively adopted the budget. This downward revision was made to simplify the laying school tax, permitting the tax rate to be divisible by four.

The tentative rate announced at the Board of Education meeting last week was \$15.312 per thousand of assessment. In order to make the rate more readily adaptable it was changed to \$15.28 per thousand through a slight change in the estimated cash balance.

The total operating expense was not changed, remaining at \$4,412,420.87.

The estimate of the cash balance at the end of the school year was changed from \$30,000 to \$31,038.48 to permit a rate divisible by four for convenience in laying the tax. This left \$494,303.02 to be raised by direct tax instead of the sum of \$495,341.51 which had been in the original tentative budget prior to its being inspected by the city treasurer's office, the collecting agency for school tax.

This last minute bookkeeping change reduced the tax rate an additional three cents per thousand to give a \$15.28 rate. The rate last year was \$20.68 but there has been a 33 1/3 per cent increase in assessments. The 1950 rate however by comparison will be over 55 cents per thousand lower than last year.

Among the matters brought out at the public hearing last evening by John Glennon, was the fact that the new addition to the Vocational School is more than an increase in manual arts facilities.

Mr. Glennon asked why the Vocational School addition was being undertaken at this time when the grade schools were in need of renovation. He said he was under the impression that the long range plan had called for the construction of a new grade unit as the first project.

Mr. Herzog pointed out that the vocational addition was in the long range plan and it had been

### Baruch Raps Truman for Lack of Mobilization Plan

Washington, June 28 (AP)—Bernard Baruch took the Truman administration to task today for failing to have ready a stand-by total mobilization plan for a possible new war.

The 77-year-old elder statesman said the need for such a plan "never was greater" because "the cold war is as total as actual war."

"Yet," he said, "with the cold war dragging into its fourth year, we still lack any effective plan for the swiftest possible mobilization of our resources to insure reaching our allies in time."

Baruch's text was prepared for graduating exercises commemorating the 25th anniversary of the Industrial College of the Armed Forces.

"Additional delay," he warned, "is a needless gamble, with our

## Sun Takes Brief Rest; Will Blister Thursday

Albany, N. Y., June 28 (AP)—The sun laid back today and worked up a scorching program for Thursday.

The U. S. Weather Bureau forecast cooler weather today for most of New York state—in the low 80s. It will be a bit warmer tomorrow.

But Thursday will be hot again, with temperatures in the high 80s and 90s, the bureau warned.

Prospects for a general rain were still nil. There was no "appreciable shower activity" in the offing.

Much of the state was cloudy this morning, but widespread sunny skies were expected in the afternoon. Tonight's temperatures will be in the upper 50s and lower 60s, the bureau predicted.

The temperature shot into the 90s in a few places yesterday. Poughkeepsie's 93 was tops. New York city and Glens Falls had 91s.

## Playhouse Deemed Woodstock Asset; Merchants to Help

### Theatre Hit by Debt During Opening Week; Support Pledged to Keep It Running

Woodstock, June 28 — More than half the business men in the community pledged their enthusiastic support to Michael Linenthal and the Woodstock Playhouse at a meeting called by Robert Elwyn, former owner, for the purpose of learning to what value the Playhouse was not only to the business people but to the community as a whole.

Several of those present stated that it very definitely was a necessary institution in Woodstock. One of the businessmen went so far as to state that the closing of the Playhouse would undoubtedly result in a 30 to 35 per cent reduction in the town's business.

Robert Elwyn who was chairman of the meeting, made it very clear that he assumed all responsibility for "laying the cards on the table." He stated that Linenthal, whose first week of the season showed an enormous deficit, had planned to close the Playhouse at the end of this week unless attendances during the week gave him some assurance for the balance of the season.

It was learned that the Playhouse manager was very reticent about asking for support from the businessmen and the public. Said Elwyn, "I know there are some who will shrug their shoulders and say, 'that's his hard luck.' The truth of the matter, however, is that if the Playhouse should close, it would be everybody's hard luck."

Linenthal made it clear that he did not want donations or loans. "It is either important to the community or it isn't. If you feel that it is, then what I do want is your wholehearted support to be given by assisting in the sale of block tickets, which will give us some sort of guarantee for the season."

The financial structure, working buses, etc., was explained in detail and it was found that with a budget for last week of \$3300, there was a deficit for operating

## Test Runs To Be Made Over Lines

### Occupation Units Move for Another Try at Breaking Deadlock in Germany

### Offices Are Moved Reichsbahn Quarters in U. S. Sector Closed by Russians

Berlin, June 28 (AP)—Berlin's 38-day rail tieup came to an end today as strikers went back to their jobs and the Soviet-directed management resumed control of the West Berlin stations.

Traffic did not resume immediately. The management prepared to direct test runs over the tracks which had been idle since May 21, when 14,000 anti-Communist employees struck.

Western railroads said a few hours work on signals, switches and torn-up trackage was needed to get the freight yards in service again.

The Soviet management said it would have to send inspection teams around before allowing either inter-zonal freight trains or the city's elevated trains to roll.

The four occupation powers meanwhile got ready for another try at breaking Germany's economic deadlock.

The deputies of the four military governors met at 3 p. m. in the flag-decked Allied Control Authority Building in the U. S. sector. It was the first meeting in the building in 15 months.

Their aim is to lay the groundwork for a "way of living together" which will permit trade between the east and west zones and the sectors of Berlin.

The consultants included Lt. Gen. Mikhail Druvin and Ambassador W. S. Semyonov, the Soviet Union; Maj. Gen. George F. Hays, political adviser J. W. Riddleberger and Brig. Gen. Charles Galey, United States.

As the signal ending the rail strike came, western sector police, who manned the stations after violence had claimed two lives, withdrew. They were replaced by Soviet sector rail police.

At the big Berlin Zoo station where most of the strike violence occurred, western U.G.O. men trudged silently back to their posts. Their first job was to tear down the barricades put up by railway police and strikebreakers when mobs advanced on the station.

They worked alongside of men from the F.D.G.B. Communist union who did not go out with them when they struck for full pay and union recognition, job security, and union recognition.

Elevated rail traffic over west Berlin's 67-station route was slated to begin after test runs this morning. Interzonal trains are scheduled to begin rolling by tonight.

The strike was ended by a western Allied order Saturday, directing the workers to accept a compromise offer of 60 per cent pay in west marks. This offer will be raised to 100 per cent by the west Berlin city government.

U.G.O. leaders reported this morning that the Reichsbahn headquarters, building in the U. S. sector was closed. Signs advised workers to report at the new offices in the Russian sector.

The Reichsbahn building was stormed on June 8 by a mob of strikers who were chased out by two fist-swinging Russian officers. Later, U.G.O. men said, the equipment and records were removed by the Russians.

Some 250 workers who had reported at the regular building, stood outside, afraid to obey the order directing them to the new Russian sector headquarters.

A delegation asked U.G.O. leaders what to do. The leaders told them they had reported properly, and that the Reichsbahn headquarters were rightfully in the U. S. sector.

Some strikers said they could report in the Soviet sector anyhow. They were quiet and orderly, but insisted that "our jobs are in the Reichsbahn building, not in the Soviet sector."

The first U. S. military train to leave Berlin for the American zone since the strike began is scheduled to pull out this evening. An announcement said resumption of normal passenger traffic is not expected for several days.

**Split Personality**  
Chicago, June 28 (AP)—Ruth Steinhagen, who shot and wounded Eddie Watkins, star Philadelphia Phillies ball player, is suffering from a split personality, says Edward T. Breen, assistant state's attorney. The 36-year-old woman, who had a severe crash on Watkins, is "committing to a mental hospital," Breen said after he heard a report on her condition by Dr. William H. Haines, head of the Cook County Behavior Clinic. Miss Steinhagen is to be taken before a grand jury and indicted, Breen said, the state will seek a sanity hearing before a jury. She is to have a preliminary hearing in felony court Thursday on a charge of assault with intent to murder.

### Why Not Apple Butter?

Now that sugar rationing happily is a thing of the past, the way seems open for making some good, old fashioned apple butter. Unfortunately, the apple crop in the eastern section of the country is largely a failure this year. Late frosts tipped the blossoms over wide areas. In the section about Winchester, Virginia, probably less than a quarter of a crop will be harvested. The Winchester section produces more apples than any other equal area in the eastern portion of the United States.

## Founder of Birth Control Gets Degree

Among the degrees conferred at the Smith College Commencement on June 6, at Northampton, Mass., was the honorary degree of Doctor of Laws (LL.D.) conferred on Margaret Sanger, founder of the birth control movement and director of the Margaret Sanger Research Bureau.

The citation which accompanied the degree read as follows:

"MARGARET SANGER, leader in the world-wide study of population problems and pioneer in the American birth control movement; author, lecturer, and practical idealist; one who with deep sympathy for the oppressed and disinherited; yet with a dispassionate and scientific approach, has made a conspicuous contribution to human welfare through her integrity, courage, and social vision."

**Excavation Project**  
Zion National Park, Utah (AP)—Nature is busy carrying 3,000,000 tons of rock and dirt out of Zion canyon each year. That's the amount scientists estimate is eroded and carried away by the little Virgin river in the half-mile deep canyon. The gorge grows deeper each year, mainly because the stream has a rapid fall of 50 to 90 feet per mile.

THE HEAT'S ON—Residents rush to defend their homes (right) against onslaught of brush fire roaring up out of Tujunga Canyon, near Santa Monica, Calif. But tiny stream from their hose (arrow) was too weak a weapon and they put in an SOS for bigger and better fire-fighting gear.

## 'Y' Day Camp Opened Monday; 150 Are Enrolled

The Kingston Y.M.C.A. Day Camp, Pine Knoll, had its initial opening Monday at DeWitt Lake with over 150 enrolled for the first week. This is the largest first week enrollment according to Lou Schafer, day camp director.

Two busses left the Y.M.C.A. and the other from the Crown street station. Monday morning was spent in orientation of camp. The camp is divided into two camps, each with the same routine. Mr. Schafer gave the rules and regulations of the camp grounds. The swimming areas and the boating. All campers were then divided into groups, under adult leadership. The leaders having previously gone through a special instruction night at the camp director's home. All campers are checked in a roll call routine nine times daily. Seven of these special checks are at the water front, where all leaders are instructed to be on the alert at all times.

Camp has many new innovations, as well as new play equipment, both in the play area and at the water front. Also in the craft department an electric jig saw is added for hobby work. Besides regular camp program, Mr. Schafer is adding some "folk dancing" to be taught by Mary Darling. Then Nancy Hotelling of the Kingston High School Twirlers will teach twirling to the campers who are interested. Each year Lou Schafer tries to make day camp more worth while for all those participating in the program. Campers attending camp this week, with over one half signed up for the entire six weeks are: Carol and Alva DuBois, Frederick Anderson, Glen and Lennie Styles, Ronald and Marie Wells, Harry and Jane LeFever, Mark and Nancy Dean, Jethro Gibbs, Sheila Epstein, Robert and Lee Barnett, John and Gerald Roosa, Charles Council, George Ditcher, Jerome Singer, Mary Ellen Haines, Patricia and Jeffery Moak, Henry Field, John Kelly, Douglas Noble, Glenn and Gerald McDonough, Warren Avis, Doris Gollop, Wayne Burhans, Allen Pinkus, Betsy and Bruce Bechtold, Eleanor Popo, Rochelle Greenwald, Louis Eaton, John Zaccaro, Robbin Ten Eyck.

### Will Rebuild House

Cornwall, N. Y., June 28 (AP)—Industrialist Thomas J. Watson is rebuilding the house in which he was born at nearby East Campbell, as a memorial to his parents. The original Watson home, which burned in the early 1880s, is being duplicated faithfully. Watson is president of International Business Machines Corp.

HURRICANE HUNTERS—The hunting season has opened for these three Navy planes, winging their way over Miami Beach, Fla., on their way out to sea. They're hunting hurricanes. During the hurricane season, they fly far out to track down any storms approaching the coast, and give the weather bureau ample warning.

1890's when riding on the sidewalk some 50 feet or more brought a fine from the City Record. Also I often worked in the boats going back and forth along the creek over hanged with the chains of the Stillpot and the South Rondout Ferry. I see on a Saturday in April, 1897, the South Rondout Ferry and a lighter, "Ida Vail," did collide. The lighter picked up the chain of the ferry-boat and broke it. The ferry had been on its way to Rondout, but was compelled to return back to South Rondout.

And the good old barge excursions during hot weather. I see one was arranged by the Weber Hose and Rescue Ladder Co. The

Weber Hose engaged the Poughkeepsie Citizens Brass Band and I take it another band for the other barge. This also was in April of 1897. I see an item where they were meeting at the Mill street engine house for arrangements. I take it they needed a tugboat to pull them along. Knowing the barges are just flat open boats, where could one get shelter during the hot sun?

### G.O.P. Group Meets

Washington, June 28 (AP)—The Republican strategy committee meets here today to hear a progress report by National Chairman Hugh D. Scott, Jr., and to discuss the 1950 congressional

HEAT FROM WATER

Norway has become the pioneer nation in the use of electric power for heating houses and buildings. Plans call for heating of three-fourths of all heated space with electricity. This is a real venture, for the climate of Norway is severe and heat is required in seven to ten months of the year. Norway expects, when the electrification program is complete, no longer to import fuel, and to reduce the consumption of domestic fuels by half. Fuels will not be involved in the generation of the electrical power, which will come from hydro-electric plants.

The enterprise is largely a result of the war, when normal imports of fuel were cut off. Electrical heating from water power was developed to meet the war-time situation. Further technical advances since the war have led to the decision to make electricity the generally used heating medium.

If electrical heating proves feasible in Norway, it certainly would also be feasible in many parts of the United States where there is potential abundance of hydro-electric power. The need for such a development is not yet sufficiently pressing to lead to action, but here may be the answer to the commonly asked question of what to do when supplies of petroleum, gas and coal are no longer adequate. That time is not yet in sight, but some day it will be.

IRAQ DIGGINGS

Few studies are more fascinating than that of archaeology. Man's beginning on this planet, and the course of his long struggle upward make a continuously interesting story.

In Iraq, about a hundred miles south of Baghdad, is the site of the ancient city of Nippur, now called Nuffar. This area is the scene of extensive investigations by an archaeological expedition headed by Dr. Donald E. McCown of the University of Pennsylvania.

The remains of Nippur so far uncovered consist of about 180 acres, and their history goes back 6,000 years. Always a large and important city, Nippur was known as the home of the god Enlil, who corresponded to Jove in the Roman pantheon.

The evidence brought out by a study of the ruins and artifacts uncovered by these excavations may be expected to show more differences than similarities between the ancient civilization and that of our own time. Basically, however, whether for better or for worse, genus homo in old Nippur behaved much as does modern man, and was occupied in fulfilling the same needs.

A prodigal has returned. Robert W. Kenny, ex-attorney-general of California and one of the most conspicuous leaders in the 1948 Wallace movement, has announced his return to the Democratic party. He explains his bolt by saying that he held the mistaken belief that President Truman could not be elected.

THE PENNY AND THE FUSE

Every electrician who has worked at his trade for a while has a collection of pennies and similar objects he has removed from household fuse blocks, in which they were placed in substitution for burned-out fuses.

A penny makes the lights go on again, just as a new fuse would. But something caused the old fuse to burn out; maybe something temporary, maybe not. The cause of the burned-out fuse, if it still is present in the house somewhere, won't burn out the penny. So something else burns out—or up. Is it worth the risk? The answer is no.

COOL AS A CUCUMBER

In the dog days of summer the old expression, "cool as a cucumber", is trotted out again. How did it get that way? Except for its restful green color, a cucumber lying in the grocer's stall looks no cooler than, say, a head of lettuce.

But consider the cucumber in its native habitat. It stays all day in the shade of its leafy vine, and what is more it doesn't do

'These Days'

MAIL SERVICE

The traveling time between New York city and Otis, Mass., under four hours by train; it takes three and a half hours of easy riding by automobile. Yet the newspaper mail is amazingly slow this summer. Apparently the post office is economizing even before the Hoover proposals take effect.

I have marked down the arrival of a few of the newspapers, as samples, that come to me here in the hills:

Paper	Issue	Received
N. Y. Sun	June 18	June 21
N. Y. Mirror	June 17	June 20
N. Y. Post	June 17	June 20
Washington Times-Herald	June 17	June 20
N. Y. Times	June 18	June 20
Wall Street Journal	June 18	June 21
N. Y. Journal-American	June 19	June 21

If there is a scheme in all this, I cannot see it. Some second-class mail forwarded from New York took four to five days in arriving here. Apparently the post office functions at will. When there is nothing else to do, they send on the newspapers and the second-class mail, or maybe, this is a press agent's scheme to encourage the raising of second-class mail rates. Perhaps if I wrote the post office complaining, I would be advised to have my newspapers sent by first-class mail, although the likelihood is that I should be told that an investigation would be made and that would be the end of it.

The post office believes that it can break even, if second-class mail rates are raised, especially on the national magazines which do much of their own processing, thus saving the post office considerable money. Should the second-class rate be raised, the magazines might abandon self-processing, and then the post office would have to do their own work and pay for it. That might not be so good for the figure and might encourage Congress to inquire into the vast amount of free mail the post office carries.

Most large city newspapers do not worry too much about mail, as they distribute their newspapers by other means. Smaller papers do use the mails to some advantage. The bills to raise the rates, however, load it heavily on the national magazines, on the assumption that they can afford to pay. Besides, most of them go in for short stories and local articles, patterns and how to cook and get married, and they are not likely to let out a howl when the mail schedule, at present or any rates, shows like this one I am writing about. The national magazines seem to be run by timid folk who avoid an open row with the post office.

This another piece in a series that I shall be writing from time to time on the general subject. "Don't Be Reasonable!" The post office undoubtedly has an alibi for this sort of handling, but I don't think that its alibi is any of my business. I could drive down to New York, about 135 miles, have dinner at the Colony Restaurant, take in a show, drive back and beat the mail. That does not seem to be an efficient mail service to me. Curiously, I receive the London Times without delay. Maybe that is a matter of international courtesy.

Whenever one comes in contact with a government agency, an astonishing thing is evident. It is as though a vast organization were breaking out at the seams. The post office is one of our best services and the postmen are a hard-working, underpaid lot of men who do well by the public. This criticism has nothing to do with letter-carriers or other ordinary post office workers. If investigated, which I have not done and have no intention of doing, it will probably be found that someone is trying to save money by using less transportation. Economy, without efficiency, is an ancient human evil device—and an expensive one. It is called for wasting money while giving the public the appearance of doing something to save money. Actually, it is robbing the public of an adequate service for which it pays.

Austria Has Pension Problem

Vienna (AP)—The Austrian government is paying more than \$63,000,000 annually in pensions to war invalids and near relatives of soldiers who never returned. More than 505,000 persons—roughly eight per cent of the entire Austrian population—receive pensions. Official figures show there are 166,643 war invalids, 84,035 war widows, 45,856 parents of killed or missing soldiers, and 85,010 war orphans. There are a further 123,550 other relatives of missing soldiers on the pension rolls.

That Body of Yours

PATIENT WITH CANCER

A few years ago, if a physician told a patient that the symptoms of which he complained were caused by heart disease, the patient believed himself doomed. Today, most of us know that even if we have heart disease, we can live for years if we follow our doctor's advice and "take it easy."

Even in cases of high blood pressure and a vessel carrying blood to the heart muscle being clogged up or broken (coronary thrombosis), it is known that with care and rest, diet and exercise, further attacks may not occur and that if they do occur, they may not cause death. While the words "heart disease" and "coronary thrombosis" still may strike fear in our hearts, it is the word "cancer" that causes great fear, and continuous worry, which really is chronic fear.

In the "American Journal of Psychiatry," Dr. J. B. Pienaar states that the word "cancer" strikes a tempest of mental agony. Because so many cases of cancer are not discovered until too late to save life, the family and relatives are told of the cancer, but in most cases the patient is not told although he may suspect the cause of his symptoms.

Strange as it seems, it is known that the young patient withstands the knowledge that he has cancer better than his family and relatives; he appears to be able to face a fate better than older patients. In elderly patients the sense of impending death is ever present. Old people fear it and are more nervous about it than young adults.

While some ailments cause nervous symptoms and the patient believes he has heart, kidney or other disease, the majority of patients who really have cancer do not "imagine" they have cancer. It is often the non-cancerous patient who believes he has cancer.

As cancer stands second only to heart and blood vessel diseases as a cause of death, we should always, without fear if possible, keep in mind the early signs of cancer or the signs that mean that a cancer may "soon" start in the body. Remember, the early signs of cancer—persistent hoarseness, a slow-healing sore, chronic indigestion—as it is curable in the early stages by surgery, X-ray and radium.

Cancer: Its Symptoms and Treatment

We never should forget that cancer is curable if discovered early. Send today for Dr. Barton's informative booklet entitled "Cancer: Its Symptoms and Treatment." To obtain it, just enclose 10 cents and a 3-cent stamp to cover cost of handling and mailing, to The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Parleys May Come and Parleys May Go, but—

The Washington Merry-Go-Round

By Drew Pearson

Washington—The State Department's Dr. Philip Jessup, trailing homeward after the failure of the Big Four Conference in Paris, was reflecting on the high hopes which preceded that conference.

Jessup had been in on the discussions with Gromyko before the conference, and he remembered May 3 particularly. That was the day when the final Russian note was delivered to him in New York, the day when all the world wondered what was in that note. Would the Russians say yes or no?

The note reached Jessup's office, No. 2 Park avenue, in the morning, and he knew it was the fatal document that would tell whether the blockade of Berlin was to be lifted. He knew it was the climax of his weeks of secret negotiation and hidden meetings with Malik and Gromyko. But nobody in his office could read Russian. . . . An hour passed. . . . Jessup hid the secret document under his desk bickered. . . . another hour passed. . . . headlines in the press: "No reply from Moscow."

Finally, after three hours—a translator, Jessup hurried to his desk, took the fatal document from under the blotter, and said: "Here, translate this quickly. I'm tired of acting like a character in a dime novel!"

Late Military Recommendation

The Joint Chiefs of Staff held one of their most significant meetings last week with the Secretary of Defense Louis A. Johnson.

Johnson was about to testify before the Senate Armed Services Committee and, before he did so, the heads of the army, navy and air force told him that, very seriously questioned the advisability of sending large amounts of arms to Europe under the North Atlantic Pact.

The joint chiefs of staff were cautious in making their statement, pointed out that they were making no recommendation, that the final decision was up to the State Department. Nevertheless, from a military viewpoint, they said they could not justify the expense of arming 25 European

divisions. They also expressed doubt as to what would become of these arms in the hands of western European armies, if Russia invaded.

Note 1—Private comment of senators who heard about the joint chiefs of staff recommendation was: "Why tell us so late? Without arms the North Atlantic Pact becomes an empty shell."

Note 2—While details weren't discussed at the above meeting, it's understood that the nub of the problem is tanks. The U. S. Army could send rifles, machine guns, some artillery with no loss. But it has no tanks to spare. European military, especially the French, point out that a modern army without tanks is like an army with pitchforks. It couldn't last a week against the Red Army's Stalin tanks—considered the most powerful in the world. Russia has eight tank divisions between the Vistula and Oder rivers alone.

Note 3—The joint chiefs of staff include army chief Gen. Omar Bradley, navy chief Adm. Louis Denfeld, and air chief Gen. Hoyt Vandenberg.

Blind Joan of Arc

"There will be no questions," said Chairman Percy Priest of Tennessee when pretty, 28-year-old Mildred Wiesenfeld of New York finished testimony last week before a congressional subcommittee.

"You have made one of the finest and best-documented presentations I have ever heard," said the congressman. "No questions are necessary."

The witness could not see the congressman. She was blind. She had come to urge government funds for research into diseases causing blindness, which is increasing every year, with little being done to find out why. Every year 20,000 are stricken with polio, whereas 30,000 lose their vision.

Miss Wiesenfeld's story began three years ago when she founded the National Council to Combat Blindness with a capital of eight dollars and no office. Now she is the "Joan of Arc" of the blind and near-blind people all over the country.

Among the things she told the congressmen: "There are 360,000 blind in this country. . . . relief and

welfare for them costs the government \$30,000,000 in a single year. Yet only \$400,000 is spent annually for research into the reasons for blindness. In most cases of fading vision, the doctors must sit helplessly by doing nothing.

"But I have never lost faith in the heart of America," concluded Miss Wiesenfeld. "It is too late to help me, but there's still time to save the sight of thousands of Americans who are gradually going blind, many without knowing it."

Delay in Military Concentration Bill Has to Do With Something More Important Than Economy

By DAVID LAWRENCE

Washington, June 28—With the best intentions in the world, the Citizens Committee for reorganization of the executive branch of the government has criticized the House Armed Services Committee for not reporting out the Tyding Bill which provides for a concentration of military authority in the hands of one man. But the delay relates to something more important than economy.

It is natural that a paper blurb of the defense set-up should call for a single executive. In almost any other executive agency or department this would not involve any dangers. But to place in the hands of one man—and not an elected officer—the power to control the army, navy and the air force and to permit that individual to allocate tasks to each service as he pleases is not in conformity with the basic principles that have governed the American democracy since the Constitution was written.

The Constitution places the supreme military authority in the President of the United States as the commander-in-chief of the army and the navy. While it is the duty of Congress to provide for the national defense, it has never, except in time of war, delegated its military powers.

In peace-time the Congress does not delegate to a cabinet officer the job of commander-in-chief of the army and navy. Usually it reserves this to the President.

The proposed legislation is not what, on its face, it purports to be. It is designed as a means of saving money, though nobody has come forward yet to explain exactly how the savings are to be made. Some of these economies undoubtedly can be made in the avoidance of duplicate hospital facilities or in procurement or in military stations, and countless other details. But that's not what the proponents of the measure inside the military services see in the legislation.

The truth is that testimony from military and naval and air officers has not been taken by Congressional committees. Walter Winchell, in his recent article in Collier's Magazine, was 100 per cent right in pointing out that gagging has been imposed which prevents the taking of testimony from persons in the army, navy and air force familiar with the way the legislation would actually affect the armed services.

Representative Carl Vinson, Democrat, who is chairman of the House Armed Services Committee, comes from Georgia but in this instance he is "from Missouri." He is asking that someone show him just where the economies are to be obtained and

what the effect of the bill will be on unification—if any.

Mr. Vinson is perhaps the most experienced man in the House of Representatives on this subject. He has the respect of all the armed services. He wants to get facts before rushing into legislation. At the moment a dispute has arisen as to how the Secretary of Defense has used or abused the power he already has. Why should there be such haste to jam a new bill through without finishing the comprehensive inquiry which Mr. Vinson's committee already has undertaken?

The language of the Tydings bill, which was passed by the Senate without hearing the unprejudiced testimony of military and naval officers, would make the Secretary of Defense a military dictator. If it is necessary for Congress to delegate authority, it should be given directly to the President of the United States who, at least, is accountable to the people. Cabinet officers are not reachable by the vote of the people.

Part of the proposed plan is that there should be a chairman of the joint chiefs of staff who shall presumably act as umpire between the heads of the army, navy and air force. The President has in mind to name an Army man. This would mean three West Point graduates on the joint chiefs to one Annapolis man. Even without the chairman, the Navy already has been outvoted on matters that ought to have been left to the Navy to decide.

When a general knows enough to pick on the design for ships, the strength of decks and the conditions of sea warfare faced by the Navy and when admirals know how to design tanks or have mastered the techniques of ground warfare and the Air generals have learned the details of both services, maybe it will not make much difference who is selected as chairman of the joint chiefs. If, on the other hand, a chairman is appointed to act merely as a sort of assistant or advisor to the Secretary of Defense, the same purpose would be served by giving him a chief of staff.

To try to make all three services obey one man—civilian or military—is not in keeping with American tradition, unless he is the President. Instead of saving money, it will intensify the differences and cause delay and increased expense. But to resolve the question, testimony should be permitted freely from the three armed services. They after all, know most about it—and they are far from in agreement as to what the proposed legislation really means.

AS PEGLER SEES IT

By WESTBROOK PEGLER

New York, June 27—The trial of Alger Hiss must be viewed with a cold eye of suspicion by citizens who have studied the machinations of the Harvard Law School cabal and the intrigues of Eleanor Roosevelt. During the trial Mrs. Roosevelt felt emboldened to say in print that Chambers, admitting perjury in some trivial points, was an incredible witness for the prosecution. Therefore, she moved, in effect, that the case be thrown out.

This condemnation seemed inconsistent coming from a woman who had falsely stated that she had never had an automobile accident when, in fact, she had had three smashups. Had she told the truth about these three wrecks, the authorities might reasonably have concluded that she was unfit to drive and that she would have been a serious inconvenience to her.

Each person may make his own test in this. It is this: Could you forget three previous automobile accidents in which you had participated as a driver? And would you regard a driver with a record of four serious accidents as a safe risk on the road?

Although of course there is no charge of perjury against Mrs. Roosevelt in the Hiss case, she is a co-defendant in a figurative sense because Hiss is a protégé of Felix Frankfurter, who has been a power behind the throne ever since the New Deal began. Hiss is a member of their crowd; their clique. Frankfurter is an old, intimate partner in politics,

not always in the open, of David K. Neyhaus or Niles, the Boston political fixer, who was planted in the White House in the role of a selfless secretary with a passion for anonymity early in the Roosevelt reign. A brother of Niles, who has been seriously ill, and Elliott Niles or Neyhaus was commissioned a captain in the army early in the war and, as recently as last winter, was still safe and comfortable in the Pentagon. There he had spent the war. Now he had risen to the rank of lieutenant-colonel.

Frankfurter, David Niles and Harold Laski, of London, who have opposed a call for an apology for Communism, have been close associates for many years. Niles is hardly to be classed with Frankfurter and Laski in the intellectual sense. But little is known about him. Were he an outspoken fellow he might be relegated to unimportant status. But, being quiet almost to the extent of furtiveness and yet hanging on tenaciously long after Roosevelt, Niles' answers to questions. Whom does he represent in the White House? What does he do? Is Truman afraid to fire him?

The judge in the Hiss case is Samuel H. Kaufman, a Tammany politician who was counsel for the notorious Bessarabian draft-dodger and stock manipulator, Serge Rubinstein. Rubinstein finally went to prison as the most disgraced stock and ingrate of the American war, but ere he was laid by the heels he had repeatedly been formally invited to the White House by Mrs. Roosevelt.

So They Say . . .

You have got to stand up to what seems to be the danger—the cold war and the underground movements which are sapping our spirit. Be strong; be courageous; be firm; stand up to it; don't sit down to it.

Field Marshal Jan Smuts, former South African premier, addressing the British people.

The lynching of Negroes in the South is no more evil than the disgraceful to our country's name than is this silly wholesale accusation being made against random persons, high and low, ignorantly accusing them of communism, fellow travelerism, what not.

—Novelist Pearl Buck.

Unless we deny ourselves something we have no right to deny the requests of others.

—Rep. Carl Albert (R.) of Nebraska, arguing against a bill to hire more clerical help for congressmen, on the grounds that the House rejected a bill to increase pay of men in the armed forces.

Q—What is the largest animal that ever lived?

## Britain Summons

European payments, the council is faced with mounting financial problems in other spheres.

Sales of all sorts of goods from the sterling (pound) area to dollar areas have fallen sharply without a corresponding decrease in purchases there.

This may lead to a sharp cut in British purchases from the U. S., which would bring more austerity to the people in this island kingdom.

Strong official hints of such cuts was given yesterday.

Meanwhile, indicative of the uneasiness all over the country, was the drop in the stock market.

For the ninth straight day investors sold government securities—mostly shares in nationalized industries, but including gilt-edged government bonds. Since the first of the year 300,000,000 pounds (\$2,000,000,000) has been

knocked off the value of government issues.

Imagined like a shadow over Britain is talk, mostly in the United States, that the value of the pound may be cut from its present \$4.04.

Cripps has let it be known that he will refuse to do it, but the talk goes on. It would, of course, cheapen British prices in the export market, but her raw material costs would go up.

The talk itself slows up British trade since many buyers are reluctant to commit themselves to paying \$4.04 pounds for goods which may be bought later with cheaper pounds.

## Agree on Mudrock

Prague, June 28 (AP)—Czechoslovakia has agreed to United Nations' terms for surrender of a Czech National sheltered by his employers in the U.N. information office here for more than a month. The Czech, Adolf Mudroch, 50-year-old clerk, is wanted for questioning on "suspicion of contacts with a group under trial for anti-state activities," the government said. U.N. Secretary General Trygve Lie told the government the U.N. would surrender Mudroch if assurances were given the clerk would not be questioned about his U.N. duties.

then as temporary chairman. Mr. Truman tried to appoint Mon Wallgren, a friend and former governor of the state of Washington, to the post but cancelled the appointment at Wallgren's request after it was pigeonholed in the Senate.

Baruch said "what needs to be done is well known: The mobilization experience of the last two wars should be embodied in the best possible plan that can be devised as of today, and promptly enacted into law, ready to be put into effect on proclamation of the President, with the concurrence of Congress."

"What is lacking," he added, "is a will to decision. The Congress and the American people are entitled to a full report on the status of these mobilization plans. The responsibility for this neglect should be made clear—before it is too late."

As to defense spending, Baruch said this: "Our military system cannot be permitted to lapse to where it invites aggression. Neither dare we overload our economic system with destructive, unnecessary taxes or to divert so large a proportion of our resources from productive use so that living standards cannot continue to be lifted."

The expectation for life of Americans at 65 now is 13 1/2 years.

GRAY MATTER—Here is the first formal portrait of Gordon Gray in his new role as secretary of the Army. He was taken in his Washington office soon after he was sworn in.

## Forst Says . . .

that conditions "have improved a whole lot within the last four or five days."

Work will continue in making adjustments, he said but it will progress slowly because of the need of keeping the plant in operation during the week. It is possible to do the type of work required, he said only over weekends.

Edinger also said that the health department had been assured by the Forst Company that they have competent men at work and are trying to remedy the source of complaints.

Alderman-at-Large Charles J. Turck, represented Mayor Oscar V. Newkirk, who had other engagements last night. The former read a letter which had been received by the mayor from Edinger, and recording the fact that the department had notified the company of the complaints.

The health department had proposed that the company provide for making a test through erection of a large square of muslin near Presidents Place for a 24-hour test to determine the accumulation of soot and smoke particles.

Complaints were largely of the menace and damage due to soot, and a resident of Abel street said that a first coat of paint on his house was ruined by soot. Also a woman in the house who suffered an injury, he said, was unable to remain in bed because she could not leave a window open during hot weather.

A West Union street resident complained of damage to bedding, another said he was hampered in renovating an apartment because of the soot, and a woman said that the soot had ruined food as she was preparing a meal.

Alderman Coughlin stressed that he had made attempts to see what could be done by the health department and learned that it would have to be established definitely that the soot was injurious to health.

An owner of a commercial establishment said he had been advised to take extensive precautions through special screening of windows, and reported that the smoke got inside despite his efforts.

Another complainant said that on several occasions during the past two or three weeks the family laundry had been done a second time because of soot from the plant's chimney, and a woman, who works nights as a practical nurse, said she was hampered in her sleep during days because she was unable to leave her windows open.

One of the less general complaints was that of Elmer A. Ryalnce, secretary of the board of Trinity Lutheran Church, who said that soot had accumulated in the parsonage and was also getting into the church, which is beautifully decorated. The church had just spent \$1,500 for altar cloths, he said, and it was feared that they would be damaged.

Alderman Coughlin was asked during the discussion if the city had an ordinance against soot and smoke menaces, and he said there is none.

A possible move for such an ordinance and all future action on the complaints was left with the committee composed of the alderman and the following other members: Elmer A. Ryalnce, Harold Gellip, Jacob Gascol, Alex Stauble, Ray Schatzel, Mrs. Herbert Wolff, and Rose Hogan.

Alderman Coughlin thanked the group for the orderly manner in which the hearing proceeded.

## No Opposition . . .

deemed advisable to erect this unit now as it would relieve the congestion in all grade schools temporarily and at the same time relieve the congestion in the M.J.M. School and the high school.

The new addition will not only house manual arts courses such as shop, etc., but it will also take care of some courses which are now conducted in the high school building and release rooms there for use of ninth grade students who are now divided between the M.J.M. school and the high school.

This division of the ninth grade between the two buildings is not a favorable condition. By removing the Homemaking Department from the high school, providing a new chemistry laboratory in the new vocational building addition, providing two additional class rooms and also band and orchestra rooms in the new building there is being released room in the high school to care for all of the ninth grade pupils. This will permit additional room in the M.J.M. for seventh grade students from the grade schools and the result is at least two additional rooms in each grade school, for the lower grades.

It was this city wide relief which caused the Board to decide to go ahead immediately with the Vocational Building addition, Mr. Herzog stated.

Various items in the budget were gone over and Alderman Bruck and Mr. Glennon inquired as to specific items.

It was also pointed out that bids had been received and contracts were about to be awarded for the construction of the new addition. Under the terms of the proposed contracts, the building is to be completed by May, to permit time to place equipment in the building for the opening of school in September 1950. Provision is made in the building for the classes which now use the Millard building. Included in the budget is an item of \$35,000 for equipment for the addition.

The budget will be presented next Tuesday to the Common Council for approval.

## U. S. Production

Chairman Hugh D. Scott, Jr., said the country is in the "first stages of a Truman depression." He told newsmen the C.O.P. will capitalize on the unemployment situation in next year's election campaign.

Government economists have contended the present slackened business activity is merely a normal post-war adjustment from wartime and postwar scarcity conditions.

The Federal Reserve Board listed the chief cause for the production decline in May and early June as a further drop in turnover of durable goods, such as refrigerators, washing machines, and other finished machinery and appliances.

Output of nondurable goods (textiles, clothing, etc.) and of minerals, both of which previously

had fallen much more than durables, showed only slight decreases in May.

Nondurable goods production pulled up at a level 61 per cent above prewar; minerals—taking coal, oil and metals together—at 46 per cent above prewar.

Durable goods production, long bolstered by high level auto and steel production, was still 101 per cent above prewar at the end of May despite a 12 point drop in that month.

Steel output was down from its March peak, 103 per cent of theoretical capacity, to 83 per cent in May, slipping to 84 per cent in the last week of May, the board said.

Although auto output also was held down in May by the strike at Ford, passenger car production rebounded by mid-June to new postwar record rates, the report said.

## Miss Tarr Loses As Federalist in Girls' State Voting

Saratoga Springs, N. Y., June 28 (AP)—Miss Roberta B. Behrens of Buffalo is mayor of "Colonial City."

She was elected last night by a majority of the 250 teen-age delegates to the American Legion-sponsored Empire Girls' State.

Miss Behrens, "Nationalist Party" nominee, defeated Miss Patricia Tarr of Kingston, "Federalist Party" candidate. The vote was not announced.

The 10-day program, which ends Saturday, is designed to promote knowledge and interest in government and citizenship.

Ellen Lee of Long Beach won the office of Common Council president in a drawing with Miss Tarr. They tied in the voting.

Others elected: Surrogate, Jeannette Sanderson, Onondaga County; county judge, Margaret Hesse, Queens Village; county treasurer, Clara Schlecht, Cazenovia; county clerk, Ann Burkhardt, Brooklyn; and sheriff, Pauline Lee, Old Forge.

State officers also will be nominated and elected. The girls will visit the state capitol in Albany on Friday.

There is no more enthusiastic bridge player than Phil Spittain, and now his wife, Evelyn, has taken up the game. For nearly 11 years Phil and his all-girl orchestra were heard every week over the radio on the "Hour of Charm" program. Phil organized the orchestra in honor of his mother, who had given her boys their early musical training.

After completing a recent engagement at the Strand Theatre on Broadway, the girls went on a concert tour. In between concerts they are working very hard,

developing what I think will be a top-notch television show.

"Evelyn and her Magic Violin" play an important part in the orchestra. She agreed to teach me how to play the violin if I would teach her how to play bridge. After the first lesson, we played a little rubber bridge, and her husband Phil played today's hand very sweetly to keep me from making a heart trick.

Phil covered the opening lead of the jack of spades with dummy's queen, which lost to the king. A diamond was returned and Phil won this trick with the ace. He went over to dummy with a club, then led the jack of hearts and let it ride. Next the nine was led and let ride.

The ace of clubs was cashed and a club trumped. The ace of spades was cashed. Now he gave up two diamond tricks. His last three cards were the ace-king-ten of hearts over my queen-six-four. My partner had to lead and I was forced to trump, so all Phil had to do was overtrump and pick up my trumps.

## As Pegler Sees It

Roosevelt. He had pulled in the Roosevelt administration and household. He enlisted also the friendly consideration of Brian McMahon, the Democratic senator from Connecticut, and a deportation order was reversed by the Board of Immigration Appeals. This is the same bureaucratic rescue squad which saved Harry Bridges after the decision to deport him had been sustained by the district and appellate courts.

The Association of the Bar of New York City found so little to recommend Judge Kaufman for his job on the district bench that it refused to recommend his confirmation. And the Federal Bar Association of New York, New Jersey and Connecticut rescinded an earlier endorsement for the same reasons. The Senate judiciary committee refused to approve him. Therefore, Mr. Truman eluded the Senate by giving him an interim appointment, a device used for the appointment of marshals, postmasters and like but not to impose on the courts judges who can't pass inspection. After Truman was re-elected and got his own Congress, he sent Kaufman's name through again and this time the Democrats in the Senate confirmed him.

By what process it fell out that the Hiss case came before Kaufman I do not know but will inquire. It was postponed several times but finally Hiss could not have wished for a more considerate judge. A suspicion of partiality could arise from the fact that the whole Frankfurter cult and the Roosevelt myth are on trial before this political protegee of the regime, Judge Kaufman.

Before the Thomas Committee on Un-American Activities, Hiss pleaded that he did not know but will inquire. It was postponed several times but finally Hiss could not have wished for a more considerate judge. A suspicion of partiality could arise from the fact that the whole Frankfurter cult and the Roosevelt myth are on trial before this political protegee of the regime, Judge Kaufman.

betrayal of his chief to denounce Frankfurter in the same way. At last, in anguish, he was forced to admit that Frankfurter induced him into the government for the career which led to charges of betrayal of his country to a Soviet spy. Incidentally, although the statute of limitations may have run on some of the facts of betrayal alleged against him, Hiss need not avail himself of this immunity. If he really wants to clear his name on the evidence rather than be a technicality, he can waive the statute and face trial.

At last, Frankfurter and Stanley Reed, another Justice of the Supreme Court, were presented as character witnesses for Hiss. They came on their own initiative, without subpoena. They are officers of the highest court in the land and officers of the government which the Communists have undertaken to destroy. Judge Kaufman was cordial to them far beyond the requirements of courtesy. Frankfurter here, was no better than any other citizen. He was the patron of the man on trial. Yet, when Thomas F. Murphy, the prosecuting attorney, tried to question him about others whom he had planted in the government, about the mysterious "invisible government" of the Harvard law pro-Communist anti-American cult, Judge Kaufman shut him off.

Murphy had a right to discredit, if he could, the character of Hiss's character witnesses. When Frankfurter went there he put his own character up for question for the first time since he was nominated for the Supreme Court and brought Dean Acheson, the present Secretary of State, to the Senate hearings as his mouthpiece. He was the only nominee in the history of the Supreme Court who needed a lawyer before the Senate Judiciary Committee. And the facts that were known about him then were trivial as compared with the evidence that has come to light since. Yet Kaufman entered the play so that Frankfurter's endorsement of Hiss was allowed to stand just as though Frankfurter's own character could be taken for granted.

There seems to be an assumption that Frankfurter and Reed will disqualify themselves if the Hiss case comes before them on appeal. But that is based on a mere tradition of honor and not a rule. In its present corrupt condition, one justice of this court has openly abused another for failure to

disqualify himself, in similar circumstances. Douglas openly courts the C.I.O., a political body which often has interests before the bar. And, in a previous case Frankfurter wrote the majority decision upholding the Norris-La Guardia Act which he, himself, had written.

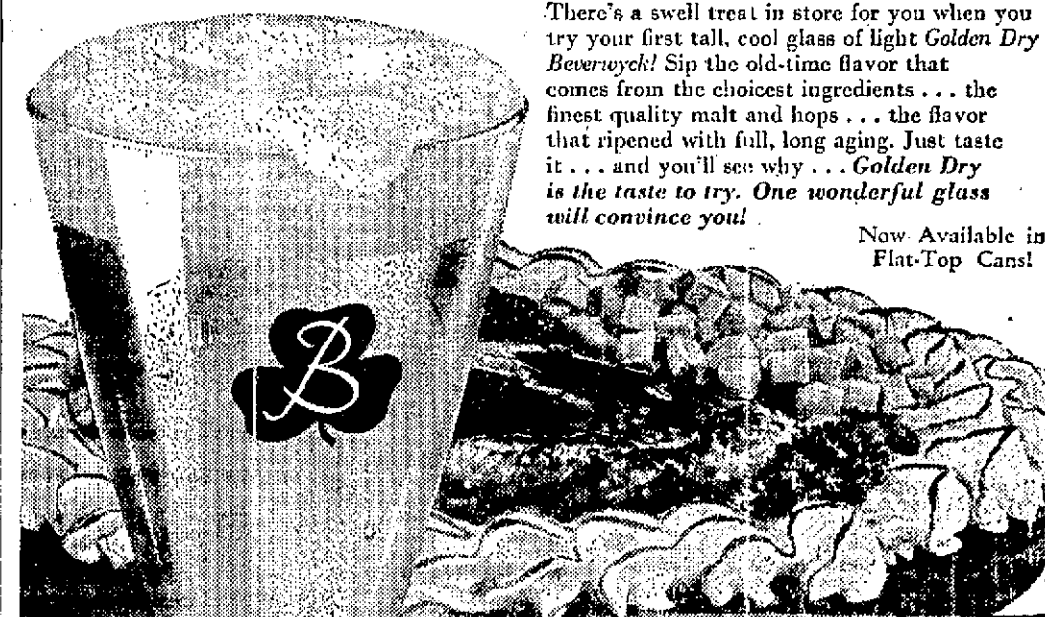

It has been a sordid spectacle from the standpoint of Americans who retain their innocent faith in the motto carved across the facade of the Supreme Court of the United States: "Equal Justice Under Law."

## Speedboat Cuts Off Girl's Feet

Reno, June 28 (AP)—A hit-run speedboat pilot amputated a 13-year-old girl swimmer's feet yesterday.

Imogene Wittsche and Janet Lutz, each 13 and from Roseville, Calif., were swimming in Lake Tahoe. Then, said Deputy Sheriff J. W. Brenzel:

"The speedboat roared close to the beach and shot between the girls. Janet barely got out of the way.

One of Imogene's feet was cut off—presumably by the propeller. The other foot was left dangling by a bit of flesh. It was amputated later in a hospital.

The pilot did not stop, Brenzel said an arrest would be made today.

Imogene is a niece of Los Angeles (Calif.) county's widely known veteran sheriff, Eugene Biscailuz.

## Green Makes Denial

New York, June 28 (AP)—Illinois Communist Chairman Gilbert Green testified at the Red conspiracy trial yesterday that he never had called socialism "the only solution for the problem of American workers." A prosecution witness, William Cummings, of Toledo, Ohio, a member of the C.I.O. United Automobile Workers, had testified that Green made that statement at a Communist party school in December, 1945. Green, one of 11 top Communist leaders charged with conspiracy to advocate forcible overthrow of the government, denied other items of prosecution testimony as the trial dragged along through its sixth month.

## Buffalo Blaze Is Under Control

Buffalo, N. Y., June 28 (AP)—A \$200,000 fire, described by Fire Commissioner Joseph S. Masterson as the fastest spreading in his experience, was still smoldering under control on Buffalo's waterfront early today.

"We may have to keep pouring water on for a week," Masterson said. He estimated the damage.

The fire broke out late yesterday afternoon in a New York Central warehouse (at Ohio and Michigan streets), covering the area with black smoke. It destroyed 17 sections of the huge structure, but a double fire door kept it from spreading. Refrigerators were stored in the building and in burned boxcars.

Five firemen were injured slightly.

## Japan Boosts Mine Safety

Tokyo (AP)—Japanese miners are learning that increased coal production doesn't mean increased accidents—as they had expected. A safety drive was conducted under occupation auspices at Joban coal mine in April. The monthly average of injuries was 539, but the total in April was only 257. Coal production increased 14,645 metric tons over the monthly average.

Frazier Will Get  
Sentence July 5

Syracuse, N. Y., June 28 (AP)—A navy veteran who left two of his young children on a Seneca river island will be sentenced next Tuesday.

Donald Frazier, 30, of Port Jervis pleaded guilty yesterday afternoon to a charge of endangering the health of his daughter Peggy, 5, and son, Patrick, 3. Judge Leo J. Yehle of Children's Court ordered Frazier held without bail pending sentence.

Maximum sentence for the charge, a misdemeanor, is a year in jail and a \$500 fine.

The charge was placed against Frazier yesterday despite a plea by his wife for his release.

She said the incident resulted from a "family argument" and that "somewhere along the line I misunderstood my husband."

"My husband is very capable of taking care of the children. I want my family back together again," she said before Assistant District Attorney Jesse E. Cantor placed the charges.

Peggy and Patrick, frightened and hungry, were found Friday night on the uninhabited, insect-infested island, about 20 miles west of Syracuse. They had been marooned about 24 hours.

Authorities said Frazier had told them he took the children to the island Thursday. They quoted

him as saying he thought the children would be all right there while he went to Port Jervis to see his wife.

He left home with the two children June 17, following an argument with his wife, police reported Frazier as saying.

The children spent the night in a shack on the island. Authorities found a dead turtle, an uncooked sunfish, some boiled potatoes and a burned wild duck in the place. Judge Yehle said Mrs. Frazier, Peggy, Patrick and another son, two-month-old Peter, would stay with Frazier's father, Joseph Frazier, until the case was concluded. The elder Frazier lives at Jack's Reef, about 20 miles west of here.

## Mrs. Kates Is Victim

Las Vegas, Nev., June 28 (AP)—Mrs. Edgar J. Kates, 55, of New Rochelle, N. Y., died at Clark County General Hospital Sunday of injuries suffered June 19 in an auto accident. Her husband, a 55-year-old New York city engineer, who was driving, and their two young children, escaped serious injury.

## Crop Will Decline

Albany, N. Y., June 28 (AP)—New York's sour cherry crop will decline about 24 per cent this year, the State Agriculture Department estimates. The department predicted yesterday a harvest of 15,500 tons, compared to 20,500 tons last year. The decrease was attributed to frosts in late April and early May.

## ROSENDALE NEWS

## Awards Are Given

## At Whiteport School

Rosendale, June 27—The Whiteport school closed officially Friday for the summer vacation. On the day previous, pupils of the school, accompanied by parents and friends, traveled by chartered bus to the Catskill Game Farm where they enjoyed an unusual and interesting day's outing. This was made possible by the school district.

Graduates from the Whiteport school included Irene Richter and Albert Schmidt, both of whom will enter Kingston High School in the fall. End-of-the-year awards were made to Irene Richter and Max Wunderlich for perfect attendance; Gloria Deutschendorf, highest average in tests for the year; Joyce Dowdell and Ronald Wunderlich, greatest number of 100 per cent marks in spelling tests for the last half of the year. Teacher of the Whiteport school is Bertha M. Allen of Kingston.

## Combined Meeting Held

Rosendale, June 27—The Ladies' Aid and the consistory of the Tillson Dutch Reformed Church met in a combined special session at

the church hall Thursday evening with Ralph Dewey, president of the consistory, presiding. The purpose of the meeting was to discuss necessary improvements to the building. Ralph Dewey and Dimmick Christiansa were appointed as a committee to see what can be done in the way of repairing or replacing the heating equipment, and to obtain bids for interior and exterior painting of the church. The Ladies' Aid has been working diligently over a long period to obtain funds to be used for this purpose.

## Firemen's Carnival

Rosendale, June 27—The Rosendale firemen's annual summer carnival will be held July 1, 2 and 3 in the vacant lot behind the Chalet. The entire carnival will be run on a larger scale than in previous years with more displays of merchandise. Proceeds from these carnivals are used for fire department maintenance and supplies not covered by funds received from the village and town, and toward the purchase of additional fire equipment as needed.

## Higher Pressure

Rosendale, June 27—Village residents who have felt the inconvenience of low water pressure in certain areas in Rosendale in past years, particularly during the months of July, August and September, will be relieved of this condition shortly. The village board announces that the improved system of water supply which has been under consideration for some time, is at present being installed, and will be in operation by Wednesday or Thursday of this week.

## Improve Roads

Rosendale, June 27—James street extension, on the opposite side of Route 32 from the village proper, has been scraped and oiled to the top of the hill. Both the village and town have been busy making improvements in road conditions. As soon as the telephone pole can be moved at the base of Kristie hill, that section of James street from the hill to Route 32 will be given a similar treatment.

## Board to Meet

Rosendale, June 27—The Rosendale Village board will meet in regular monthly session Friday, July 1, at Vaughn's Pharmacy on Main street at 8 p. m.

## Ready for Week-End

Rosendale, June 27—A record-breaking influx of vacationers is anticipated for the coming holiday week-end. A great many of the resorts, boarding houses and hotels are already booked to capacity or near-capacity. With the closing of city schools many families will arrive to occupy cottages and camps for the summer season. The town of Rosendale has long been a popular vacation spot for city dwellers and this year many of the boarding houses and resorts offer added improvements and recreational facilities. Fiedler's Mountain View House has installed a new concrete shuffle board court. Spindler's famous resort has been attractively renovated and several new features have been added. Cowter's Chalet, in Bloomington, has added a large screened-in porch for dining. Kelder's Hotel has been attractively redecorated. Feid's Hotel and Kukum Tavern have installed television for the enjoyment of their patrons. Within the near future announcement is expected of the opening of the bowling alleys at The Chalet.

## Repairs Store

Rosendale, June 27—The Goldwasser residence and grocery store in Lawrenceville, which was severely damaged as a result of a fire last March, is in the process of being repaired and redecorated. Work is going forward at a rapid pace, and Mrs. David Goldwasser has announced that she expects the store will be open in time for the holiday week-end.

## Cooking Improvements

Greater improvement in methods of cooking was made in the century just past than all previous years, according to Encyclopaedia Britannica.

The hummingbird is the fastest in flights over short distances.

## Ice Cool Costumes

Non-crushable linen, tailored for summer comfort, makes the two-piece, two-tone dress (below); also the camisole-top dress with jacket (right). Dotted stole may double as sash.

New York (NEA)—Fashion's cool reply to wilting weather is the linen costume that looks as cool as an ice cube, as crisp as a cracker.

What gives linen its immunity to heat and humidity and the wrinkling processes of warm-weather wear are non-crushable finishes.

Styling linen outfits for summer's versatile needs is a specialty of one outstanding designer, Eisenberg, for example, tops

a camisole-top dress of cinnamon-colored linen with an impeccably-tailored jacket which can be peeled off for summer comfort. There are two tabs at the hip-line of the jacket for anchoring a silk sash of brown and white coin dots. The hip-swathing sash may be removed and worn as a stole or a scarf.

The suit that shrugs off the

heat by dispensing with a blouse is another style success sponsored by Eisenberg. He combines a jacket of champagne-colored linen with a skirt of taupe linen to make a two-piece dress which masquerades as a suit. Piped over the straight, slim skirt is a dressmaker-styled jacket with a peplum tricked up with squared-off tucks. Designed with an eye to summer comfort is this jacket's key-hole neckline which opens up to form a deep square.

## Housing Bill Has One Apparent Snag in Way

Washington, June 28 (AP)—The House raced today toward final action on a vast housing bill, with only one snag apparent in the path of hard-driving administration leaders.

While Speaker Rayburn (D-Tex.) predicted passage of the measure by a "substantial margin," Rep. Spence (D-Ky.) leading the administration forces on the floor, saw signs of trouble ahead in the announced plans of one lawmaker to raise the issue in the housing fight.

Rep. Murcantonio (A.L.-N.Y.) said he was ready to present an amendment barring segregation in publicly-owned housing projects.

Spence, chairman of the House Banking Committee, declared: "If anybody wants to scuttle the bill, that is the way to do it. If he gets into the bill it would have the effect of beating it. A friend of the bill would not offer such an amendment. Let them bring this issue up in separate legislation."

Murcantonio's amendment would ban discrimination in the construction, sale, rent or tenancy of public housing because of race, color, creed or national origin.

The Senate, before it passed the housing bill April 21, beat back a somewhat similar amendment after a long wrangle with leaders of Mr. Truman's civil rights program sparking the fight against it.

The opposing Republicans were badly split between a group wanting a compromise bill and those wanting no bill at all. And not as

## Janitor Is Booked

New York, June 28 (AP)—George Scally, 52, a janitor, of 68 Cannon street, was booked on a charge of homicide early today in the slaying of Michael McGovern, 65, in the janitor's basement. Police said Scally admitted striking McGovern over the head with a length of lead pipe after an argument in the apartment. According to police, Scally said he and McGovern, who had no home address, went to the apartment shortly after midnight after having several drinks in a tavern.

## Coleman Quits Committee

Washington, June 28 (AP)—Vice Chairman Thomas E. Coleman quit the Republican strategy committee today with a blast at G.O.P. National Chairman Hugh D. Scott, Jr., for failure to keep the group "moving along." Coleman, Wisconsin Republican finance chairman, wrote Scott that he no longer can "spend the time or take the responsibility for a committee that is not moving along." The responsibility must be yours," the vice chairman said.

## Financial and Commercial

New York, June 28 (AP)—The stock market went into a bad slump today.

Losses of fractions to around two points peppered the list. Only a handful of shares, notably in the utility group, managed to make any sort of showing. Steel, radio and television, and railroad issues were among the hardest hit.

The decline was accompanied by only a moderate pickup in business. As in many market spills this year, losses resulted more from languid demand rather than hard-hitting selling.

Much of today's weakness was attributed in financial quarters to the failure of the market to get anywhere with a timid advance early yesterday. Prices started to wobble in the final hour Monday and the downtrend carried through today.

## Coal Operators May Reject Plan

White Sulphur Springs, W. Va., June 28 (AP)—Coal operators of the north and west were reported ready to reject today John L. Lewis' offer to forego a strike next month in return for a three-day work week.

The operators took a vote on the questions yesterday in a private huddle in Pittsburgh.

There was little doubt of their answer—that they could not agree because of the legal risks. They fear that if they join the union in limiting the work week, they would run the chance of government action under the Anti-Trust Laws, on the ground it would restrain trade.

But many operators here and elsewhere seemed to like the idea. They said privately that they might go for it if it could be accomplished without legal risk, or without committing them too much to giving Lewis control over the industry's output.

On the other hand, a spokesman for the Central Pennsylvania Coal Association said his group was against the proposal because it was "too costly." He said mines would have to be kept in shape for full production, although actually operating only at about 50 per cent capacity.

Publicly, the operators and Lewis wouldn't even discuss the plan. The operators planned to hand their formal answer to Lewis when the bargaining conference resumes here at 3 p. m. (E.S.T.).

There were reports that some sort of a counter-proposal would be offered the union leader. Meanwhile, hope for avoiding a strike in mines of the Southern Coal Producers Association faded rapidly. At Bluefield, W. Va., where separate talks are in progress for the southern field, the U.M.W. turned down again today an operator proposal to extend the life of the present contract until August 15.

In all bituminous fields the present contract expires June 30. However, the miners are on a 10-day vacation ending July 5, and the real strike deadline is not until after that holiday is over.

A mine strike in the absence of a contract is the usual pattern in the coal industry.

## Fries Waives Test On Murder Count

New York, June 28 (AP)—A Lumberton, N. J., painting contractor waived examination today on a 28-year-old murder charge and told the court "I want to make it as easy as I can for the state."

The prisoner, George Fries, 53, was brought back from Lumberton early today after his arrest yesterday. Police said they received a tip from a man now a prisoner in the Mercer county, N. J., jail.

When Fries told the court he wanted to make it as easy for the state, Magistrate James A. Blanch-

field, in Brooklyn Felony court, informed the prisoner:

"You have every right to make it difficult for the state. You have every right to make the state prove its case."

"Yes," replied Fries, "but I want to make it easy for the state."

He was held without bail for the grand jury. District Attorney Miles E. McDonald said he would ask for a first-degree murder indictment.

Fries is accused of the holdup slaying of Charles Haves, 54, of Brooklyn, Dec. 28, 1921 in Brooklyn.

The prisoner then lived at 90-10 Rockaway Boulevard, Ozone Park, Queens, and was a house painter.

Two years later, authorities

said, he was sent to Elmira Reformatory on a burglary charge, and there told a fellow prisoner—the only person he ever told—about the 1921 holdup. Police said their tip came from that prisoner. Twenty years ago Fries went to Lumberton, where he has since conducted a painting contracting business. He lived in a six-room house with his wife and son. Another son and a daughter are married.

## Returns to Home

Mary Hughes, 18, of 368 Broadway, who yesterday was reported missing from her home since Sunday, has since returned home, the police said today. Police received the report at 9:33 a. m. Monday.

### Horse Show Draws More Than 1,000

Woodstock, June 28—Sandy, owned and ridden by Miss Dorothy Baumann, Meriden, Conn., topped all competition for the Grand Championship of the Woodstock Riding Club's third annual horse show, Sunday, June 26. Chatterbox, owned and ridden by Anne Holden, 13 years old, New Canaan, Conn., leaped into the Jumper Championship and Reserve Championship. More than 1,000 attended the show.

Sandy, one of the more than 100 horses entered took blues in the open stock, and western trail classes; a red in ladies' stock, and a yellow in the parade class-stock, a total of 17 points. Chatterbox had 13 points with a blue in novices jumpers, red in ladies' jumpers (amateur) and open jumpers. My Golden Honey, owned and ridden by Dr. Michael Donahue, Harcourt stables, Newburgh, was awarded the saddle championship. Georgia Flame, owned by Kenneth L. Keeler, Livingston Manor, ridden by Harold Standerling, was declared reserve saddle champion. These two horses tied for the championship. Rather than toss for it which is frequently done, the owners decided to compete in the ring.

Barnicle Bill, a Southland Farms, Rhinebeck entry, was reserve jumper champion with 10 points, taking blues in the ladies' jumpers (amateur) and open jumpers. Checkers, owned and ridden by Joan Chambers, Montgomery, was reserve stock champion with nine points, a blue in ladies stock and a red in western trail class. In last year's show, Checkers was grand champion.

Classes for championship points were: Stock championship—open stock, parade class, stock, ladies' stock class, and western trail, jumper championship—Ladies' jumpers, (amateur); novices jumpers; and open jumpers. Saddle championship—Model three-gaited saddle horse; three-gaited saddle horses 14.2 include 15.2; and three-gaited saddle horse, over 15.2. Grand Championship is awarded to the horse making the most points.

Judging the various classes were Malcolm Graham and Grosvenor Jacobs, Poughkeepsie; William F. Burns, Meriden, Conn., and Mrs. J. C. Lightbourn, Penbrooke Bermuda. Lt. Col. Hendry Torres, U. S. Army was the A.S.T.A. representative.

The competition in Sunday's show topped all previous ones. The local club was highly complimented by the exhibitors.

Something unusual in horsemanship was the spectacular exhibition given by Bob Smith, Smith Brothers Riding School, Katsbaun and his mount Pepper. He rode without leather, using but a thread. It was an exhibition of muscular coordination between the horse and the rider, and concluded with a jump through a burning ring.

The awards: Model three gaited saddle horse—Georgia Flame, Kenneth L. Keeler, owner, 1st; My Golden Honey, owned by Dr. Michael Donahue, 2nd; By Blue Heaven, Adrian M. Worth, 3rd; Carousell, Bert Lichtenstein, 4th.

Junior horsemanship, stock seat 1st, Gus Withersell on Texaco; 2nd, Earle Hiltz, Bear Mt. Stable entry; 3rd, John Schoonmaker on Punch; 4th, Wilbur Mulhair; 5th, Chambers on Lady; and 6th, David Basch.

Ladies' stock class 1st, Checkers with Joan Chambers; 2nd, Sand, Dorothy Baumann; 3rd, Eagle, Alex Natale, Jr.; 4th, Smokey, Mrs. Chambers.

Road hack class 1st, St. John, Gail Fenbert; 2nd, Lady Alice, Adrian M. Worth; 3rd, Mustard, Southland Farms; 4th, Just Pride, Smith Brothers Riding School.

Junior horsemanship, 13 1st, Debra Fenbert on Debonair Double; 2nd, St. John, Gail Fenbert; 3rd and 4th, Southland Farms entries; 5th Anne Holden on Sandy; 6th, Sunnycroft Ranch entry.

Three gaited saddle horse 1st, Trotwood Magic, Windon Farm; 2nd, Debonair Double, Debra Fenbert; 3rd, Carousell, Bert Lichtenstein; 4th, Robin, Robert Davis.

Woodstock Riding Club Class 1st, Finlan's Find; 2nd, Felice; 3rd, Paprika, and 4th, Kansas, all Smith Brothers Riding School entries.

Novice jumpers 1st, Chatterbox, Anne Holden; 2nd, Texas Prince, Richard Shultis; 3rd, Golden King,

Adrian M. Worth; 4th, Pussy Willow, Southlands Farm. Yearling class 1st, The Sultry Siren, Windon Farm; 2nd, Sharloem of Stonestown, Addie Good; 3rd, Golden Gigger, Freelan Farm; 4th, Bogart; 5th, St. Irvie, Smith Brothers Riding School, and 6th, Chateau Jo, Joan Cooper.

Pair class 1st to Trotwood Magic and Debonair Double, Windon Farm; 2nd, My Blue Heaven, Sunnycroft, and Carousell, Bert Lichtenstein; 3rd, Montana Red and Lady, Frank McBridge, Jr.; 4th, Copperstone, Kingston Horse Market and Toy Boy, F. Crosbie, Junior horsemanship A (children under 12) 1st, Deborah Carson; 2nd, Gay Harrah; 3rd, Judith Annecone, all Southlands Farm; 4th, Smartie Hitzig, Smith Bros. Riding School; 5th, the Billy Reynolds and John Schoonmaker; 6th, Danny Perlman, Smith Brothers Riding School.

Open jumpers 1st, Barnicle Bill, Southlands Farm; 2nd, Chatterbox, Anne Holden; 3rd, Mustard, Southlands Farm; 4th, Texas Prince, Richard Shultis. Western trail 1st, Sandy, D. Baumann; 2nd, Checkers, Joan Chambers; 3rd, Montana Red, Frank McBridge, Jr.; 4th, Lucky, Easy Acres Riding Club.

Palomino class—First, Copperstone, Kingston Horse Market; second, Texaco, Chambers & Witter; 3rd, third, Golden Sand, Adeline M. Link; and fourth, Glamour Girl, F. Crosbie.

Open stock—First, Sandy, Dorothy Baumann; second, Rabbit, William S. Burgess; third, Arrowflight, Easy Acres Stables; fourth, Hopalong, Easy Acres Stables.

### Maverick Star

(Milton Wagenfahr Photo)

Woodstock, June 28—"The Little Foxes" by Lillian Hellman will be presented by Tom Reddy as the season's second production at the Maverick Summer Theatre, beginning Wednesday, June 29, and continuing through Sunday, July 3. Curtain time is 8:44 p. m. "The Little Foxes" on Broadway gave Tallulah Bankhead one of her most stirring roles in the part of Regina. It is a powerful and dramatic story of a money-loving family living in the deep south at the turn of the century. June Glover will be remembered for her fine performance last week as Lydia Kenyon in "Skylark" and also for her appearance last season in "It's the Woman Who Pays."

Others in the cast include Dan Magnan, William C. Wilson, Kathy Guilford, Mary Jane Finigan, Dwight Carter, William Greco, Ronnie Sarc and Roy Graves.

About 7.6 per cent of the people in the United States now are 65 years old or older.

## Hot Spell Broken By North Breezes; More Heat Is Due

(By The Associated Press) Cool air and rain brought temporary relief to many areas in the nation's hot weather belt today. The dry-stricken northeastern states didn't get much rain to help the wilting crops, but cooling breezes from the Hudson Bay region broke a long hot spell in many sections.

Rain over many midwest states also brought temporary relief from the hot humid weather. Heavy falls were reported in parts of Missouri, Kansas and Nebraska.

New York, sweltering without substantial falls of rain for 32 days, got welcome relief last night as the mass of cool air moved in. The mercury hit a high of 89.4 during the day and it was 86 at 9 o'clock last night. Then the cool air hit the metropolis and sent the mercury down to 10 degrees. The weather bureau at the city's International Airport at Idlewild, Queens, reported a 10-degree drop—from 81 to 71 degrees—in three minutes. But the weather bureau said warmer and more humid weather appeared likely tomorrow.

Similar drops were reported in New Jersey where thermometers have hit in the 90's for the last week and where no rain has fallen in 37 days. Some rain appeared in prospect within the next two or three days.

The New England states, rainless and hot most of June, reported temperatures in the 70's, a drop in some areas of from 10 to 20 degrees. Temperatures in upstate New York yesterday generally were in the 80's but no heavy rain was reported.

But there were thunderstorms in parts of Minnesota, Iowa, Illinois, Wisconsin, Kansas, Missouri and Nebraska. The weather bureau reported a fall of 4.11 inches in six hours at Fargo, Mo.; 3.54 inches in six hours at Concordia, Kans.; and 2.15 inches at Omaha in three hours. In Omaha, asphalt streets were buckled by the rain, piling asphalt three feet high. At nearby Council Bluffs, Ia., traffic was blocked on the main street 90 minutes by high water.

While the east, midwest and southern states suffered in the heat and humidity yesterday, cold weather covered most of Idaho and the mercury dipped to below freezing in central Oregon. Wheat crops were believed damaged by frost in central Oregon. The cold weather blackened potato and vines and nipped wheat and other

## Hiss Questioned On Connection in Juridical Group

New York, June 28 (AP)—Alger Hiss was cross-examined today about his connection with the International Juridical Association, which a House committee has called "a Communist front."

Assistant U. S. Attorney Thomas F. Murphy pointed out that the former State Department official had said he wrote articles for the association in 1932-33. Then the prosecutor asked him where the office of the association was.

"I can't recall," Hiss replied.

"Was it in the office of Mrs. Carol King?" asked Murphy.

(Mrs. King served as attorney for Gerhart Eisler, a leading American Communist who escaped to Europe.)

"No," Hiss said, "I think it was in the office of Mr. Polier."

"I thought you didn't know where the office was," Murphy snapped. Then he asked: "Did you know Mrs. Carol King at that time?"

A. I think I met her once or twice during that period.

Q. Did you know her?

A. I can't answer that question "yes" or "no." I met her once or twice during that time.

Q. Who interested you in the association?

A. I believe it was Mr. Polier who was the chief editor of the paper that was published by the association.

Q. Was Nathan Witt one of the people in the association?

A. I'm not sure whether he was or not. If so, that's how I met him. If not, I met him later while I was with the Department of Agriculture.

(Witt was named by Hiss' accuser, Whittaker Chambers, as one of the members of a Communist apparatus in Washington.) The association was cited as a

"Communist front" by the former House Un-American Activities Committee in March, 1944.

Earlier, Murphy was prevented from questioning Hiss about suicide in his family.

## Barden Is Accused

Washington, June 28 (AP)—Deep-seated differences over federal aid to education erupted in Congress today following a bitterly worded exchange yesterday between Representatives Barden (D-N.C.) and

Lesinski (D-Mich.). Lesinski, chairman of the House Labor Committee controlling the education bill, accused Barden of writing an "anti Negro and anti-Catholic" substitute and of trying to "kill aid for education once and for all."

Barden countered in a prepared statement with a charge that Lesinski had made "a false statement" unsupported by fact.

It is now estimated that there are about 11,000,000 Americans 65 years old or older.

## Chauncey Elliott, Jr. Mignon Davis Wed At Baptist Church

The wedding of Miss Mignon Lorraine Davis, 98 O'Neil street, daughter of Mrs. Margaret Davis, Chichester, and the late Reuben Davis, to Chauncey Elliott, Jr., son of Mr. and Mrs. Chauncey Elliott, Sr., 34 Hewitt place, took place Sunday at 2 p. m. in the First Baptist Church, Albany avenue. The double ring ceremony was performed by the Rev. Edward Winder, D.D., pastor.

Mrs. Lester Decker was organist. Miss Dorothea Winder as soloist sang "O Promise Me Through the Years, Because and The Lord's Prayer." The church was decorated with garden flowers.

The bride was given in marriage by her brother, William Davis. Her gown of Chantilly type lace over satin was made with fitted bodice, long sleeves, full skirt and long pointed sleeves, full gathered skirt ending in a long sweeping train. Her fingertip veil of French illusion was caught to a Mary Stuart bonnet ornamented with clusters of orange blossoms. She carried a cascade of white roses and white swansonia.

Mrs. William Davis of this city, sister-in-law of the bride, as matron of honor, wore a white organically over yellow taffeta gown with matching sash of yellow taffeta, shirred organically in yellow and carried a cascade of Rapture roses. The other bridal attendants, Mrs. Walter Miller, this city, sister of the bridegroom, and Mrs. Bruce Davis of Connelly, were dressed similarly in white organically over green taffeta. They carried Briarcliff roses. Miss Donna Swiney of Westkill, flower girl, wore a white organically over lavender taffeta gown with hand-picked and bouquet of yellow roses.

Harold Carroll of New Paltz, cousin of the bridegroom, was best man. Ushers were Howard Holting, cousin of the bride, and William Kilmer, both of this city.

A reception for approximately 100 guests was held at the Roseland. Mr. and Mrs. Elliott left for a wedding trip to upstate New York. She wore a mint green suit with white accessories and corsage of yellow roses. They will live at 150 Linderman avenue.

Mrs. Elliott was graduated from Hunter-Tannersville Central School and is employed at the office of Forst Packing Co. Mr. Elliott attended Kingston High School and spent 18 months in the navy. He is employed at the Kingston Manufacturing Corp.

BIG TIME FOR ALL!

There are many types of organs for Church, Chapel or home use. These most known and used, until recent years, are the pipe and reed organs. All pipe organs are worked with air blowing in what are known as pipes from the size of a lead pencil up to twenty feet or more. Practically all reed organs work on a vacuum system, drawing the air out of the organ and giving it through what are known as reeds. These are made of brass and of different sizes with a flexible tongue in the center which vibrates producing the tone. In this reed organ category we recommend and sell the Eskey electrically driven reed organ. Eskey is the leading manufacturer of reed organs in the world.

Now, we proudly announce that we have been appointed exclusive agents for the new Wurflitzer Organ. In this organ wind blown reeds are the original source of tone but—the reed tone is blocked out by felt and only the frequencies of the reeds are used, built up and amplified into a glorious organ tone. The advantage of this organ is the simplicity of tone production plus the pure tone associated with true organ music. The single manual with built in speaker lists at only \$1055.00. The next larger single manual with speaker separate lists at only \$1355.00. Within a matter of days we expect to have one of these superb instruments on display at 316 Fair street and invite one and all to come in to hear it and try it.

The double ring ceremony was performed by the Rev. Stephen W. Ryder of Plattsburgh Reformed Church.

Music for the wedding was by recording and The Lord's Prayer was sung by a college roommate of the bride. The home was decorated with June flowers and ferns.

The bride was given in marriage by her father. She wore a white suit with white and orchid accessories and a corsage of red roses.

William L. Wellman of Schenectady was best man for his brother. A reception was held at the home for 40 guests, members of the families. Mr. and Mrs. Wellman will make their home in Schenectady.

The bride is a graduate of Scotia High School and Muskingum College. She is employed as juvenile aid officer of the Schenectady Police Department.

Mr. Wellman is a graduate of Not Terrace High School, Schenectady and attended George Washington University, Washington, D. C. He is employed in the sales promotion for Philip Morris and Co., Ltd.

**Bronson-Cocuzza  
Wedding Takes Place  
In St. John's Church**

Miss Gloria Ladden Cocuzza, daughter of Mr. and Mrs. Austin G. Cocuzza of Babylon and Baysville, was married Saturday to David Bennett Bronson, son of Mr. and Mrs. Bennett Bronson of Waterbury, Conn. The ceremony was performed at noon in St. John's Episcopal Church, Albany avenue. The Rev. Robert T. Shellenger, rector, officiated, as assisted by the Rev. Robert M. Hatch of Waterbury, Conn.

Given in marriage by her father, the bride had Miss Joan Gagliardi of New Rochelle for her maid of honor. Bridesmaids were the Misses Barbara Singer of Lawrence, L. I., cousin of the bride, and June Avers of Mount Vernon.

John L. H. Chafee of Providence, R. I., was best man. A reception and breakfast were given in the garden of the summer home of the bride's parents in Baysville. After a wedding trip Mr. Bronson and his bride will make their home in Cambridge, Mass., where he is a senior at the Episcopal Theological Seminary.

The bride was graduated from Packer Collegiate Institute and Wells College. She received a master's degree in comparative religion from Union Theological Seminary in New York.

Mr. Bronson was graduated from St. Paul's School in Concord, N. Y., and in 1947 from Yale where he was a member of the Pence Club and Skull and Bones. He served four years with the aviation division of the Marine Corps as a first lieutenant.

**Nancy Bennett Engaged**

**MR. AND MRS. FRANK P. SCULLY**  
Mr. and Mrs. Frank P. Scully of 45 Shufeldt street today are celebrating their 50th wedding anniversary. They were married in St. Joseph's Church, this city by the Rev. Father Sweeney, June 28, 1899.

Mr. Scully was born in Old Hurley and Mrs. Scully, who before marriage was Anna Cassidy, was born in Sawkill. They have spent their married life in Kingston. They have two married children.

For the past 30 years, Mr. Scully has operated a taxi of which he is the proprietor.

Mr. Scully's first job as a young man was with Davis and Hoffman, who conducted a stove store where Montgomery Ward now is located. Among his duties then was to drive a horse-drawn delivery wagon.

Asked about the changes in Kingston over the long period of years he has been living here, Mr. Scully replied there are many changes and many new faces, but Kingston seems the same to me.

Mr. and Mrs. Scully are in good health and are receiving the congratulations of their many friends.

**Stephan A. Nekos Marries Priscilla Ann Haver  
In Double Ring Ceremony at Fair St. Church**

The marriage of Miss Priscilla Ann Haver, daughter of Mr. and Mrs. Burton L. Haver, 85 Mountain View avenue, to Stephan A. Nekos, son of Mr. and Mrs. Anthony P. Nekos of 321 Washington avenue, was performed Sunday at 6 p. m. in the Fair Street Reformed Church. The Rev. J. Dean Dykstra, pastor, officiated at the double ring ceremony.

Miss V. Jayne Van Wageningen and William F. Haver, brother of the bride, were the attendants.

A reception for the immediate families was held following the ceremony at the home of the bride's parents. Mr. and Mrs. Nekos left for a wedding trip to Canada and upon their return will reside at 85 Mountain View avenue.

The bride attended Kingston High School and was graduated earlier this month from Edgewood Park Junior College at Briarcliff Manor.

Her husband, a graduate of Kingston High School, served in the navy during World War 2. He is associated with Nekos Brothers of 309 Wall street.

**Students May Enroll  
For Instrumental  
Study This Summer**

The enrollment for summer band and orchestra classes in the summer school program is approaching the 200 mark according to the registration records. A great proportion of these 200 are beginners but even though the teachers have this big registration they invite any other students interested to enroll.

Rental instruments will be available from the Empire Musical Instrument Renting Company of Sprucon. More definite information about renting these instruments may be obtained from either Harry Berchin, orchestra instructor, or Marilyn Morrette, band instructor.

Classes will be held five days each week starting next Tuesday, July 5. The schedule will be 8 a. m. to 9; beginners; 9 to 10, intermediates; 10 to 11, advanced students; 11 to 12, special ensemble groups arranged according to the discretion of the instructors. All students in grades 4 to 12 are eligible to join.

**Personal Notes**  
Margie Hart, wife of Seaman Jacobs, formerly of this city, is beginning to play the role of Jeanne Eagels in "Rain," at several of the summer theatres. Last night she opened at the Rialto Theatre, Hoboken. Next week she will appear at Deer Lake, Pa., July 11, Clinton, N. J., July 19, Lake Hopatcong, N. J.

### AN UNAPPRECIATIVE PRESIDENT

A reader tells me: "Several months ago a collection was taken in our woman's club to buy the retiring president a pin. It was very obvious that she didn't like it and when asked if she would rather have had something else she very frankly described a pin she would like very much. I went back to the jeweler and found one of her description, but it is so very much more expensive than the first that I can't ask the members for the additional money because I know most of them couldn't spare it. So now what shall I do?"

Such discourtesy as that of your ex-president is impossible to understand. My advice is to give the pin back to her and tell her you cannot possibly ask the members to add to their subscriptions, but that she is welcome to take the pin back to the jeweler herself and exchange it for something she likes better.

### Church Small; Guest List Large

Dear Mrs. Post: Our village church seats only 200 people and yet our respective wedding lists number at least 400. Most of these people are within coming distance. (a) What do we do about this? Can we send out invitations regardless of seating capacity of the church? Also, please tell me this: (b) Should mother, or rather may she, carry a pocketbook to walk up the aisle in church at the wedding?

Answer: People would certainly rather be invited than to be left out. You must, of course, reserve seats for your families and fewest possible intimate friends. All the others will have to take a chance on being the first to come. I might add that 60 per cent would be a very large attendance and that there is always some standing room. (b) If you mean a real pocketbook made of leather, the answer is no; but a small hand bag that looks well with her dress would be very suitable as well as necessary.

### Shower No Definite Announcement

Dear Mrs. Post: A friend is getting married very quietly and would like no one to know the actual time until afterward. Everyone does know she is engaged. Therefore, wouldn't it be better for me, her best friend, to give her a shower after the marriage than before?

Answer: Not necessarily. It is proper to give a shower any time after the engagement has been announced.

Wedding invitations and announcements vary according to the type of wedding planned. Mrs. Post's new leaflet, E-10, gives the forms and other information about weddings. To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her, c/o The Kingston Daily Freeman, P.O. Box 99, Station G, New York 19, N. Y. ## Dr. William Feldman Marries Arline Karu In New York City

Miss Arline Karu, daughter of Mrs. Leah Karu of Harrison, N. Y., was married to Dr. William C. Feldman, son of Mr. and Mrs. Nathan L. Feldman, 110 Wall street, Saturday, June 18, at 10 p. m. in the Sky Penthouse of Hotel St. Moritz, New York. The double ring ceremony was performed by Rabbi Joseph Paymer.

Music for the wedding included Mendelssohn Wedding March, Beethoven Wedding March, Dearly Beloved, Always and Ich Liebe Dich. The setting for the marriage included a bower of oak leaves and garlanded lilies. Bouquets of white snapdragons and ribbon formed the aisle.

The bride was escorted by her mother and brother, Harold Karu. The bridegroom was escorted by his parents.

The bride wore a gown of delicate pink imported Swiss organdy made with full skirt, fitted bodice and draped stole. Her fingertip veil was of pink mulline and she carried an ivory Bible mounted with shell pink orchids and shower of pink ribbon and gypsophylla.

Mrs. William Gombberg of Newark, N. J., was the sister-in-law of the bride. She wore a copy rose chiffon crepe gown embroidered with sequins and carried purple orchids.

Dr. Abraham Feldman, brother of the bridegroom, was best man. A wedding dinner was served immediately after the ceremony at the Sky Penthouse with dancing on the terrace overlooking Central Park. Dr. and Mrs. Feldman left for a wedding trip to Chicago and Atlantic City. The bride's traveling ensemble was a navy blue sheer wool suit trimmed with white pique; navy accessories, white hat trimmed with white chantilly lace.

Mrs. Feldman is a graduate of Harrison Schools, New York Institute of Dietetics. Dr. Feldman is a graduate of Kingston High School, University of Illinois where he took his medical course and Chicago Medical School. He interned at the Metropolitan Hospital in New York city and at present is interned at St. Peter's Hospital in Brooklyn. He is an alumnus and past president of Alpha Rho Chapter of Phi Lambda Kappa Medical Fraternity.

## Class of '49 Dedicates Program To Retiring Principal Dumm

Class night for Kingston High School graduates was held at the high school auditorium Monday night. As the class met for the last time prior to commencement which will be held tonight, the members chose to dedicate the closing moments to Clarence L. Dumm, retiring principal of the school.

With the use of slides Principal Dumm's picture was projected on the stage screen as tribute was paid to the man all of the students had known as principal. The class stood for the singing of Auld Lang Syne and after Mr. Dumm was called to the platform for a

doctor, pharmacists and organ grinder and monkey.

Commentary for the history and part of the prophecy was Gary Short. He spoke of the class events from the freshman year at Myron J. Michael School through the sophomore and junior years, to the current year which included the usual elections, prom, senior play, May Day with rain, DUSO championships in football, basketball, track and golf, and the many busy days in planning other activities and studies.

Short also gave the advice to the junior class, using for much of his dissertation, the faults and attributes of the teachers in senior subjects.

In the opening skit of the evening, Joan Bennett as the gypsy and Richard F. Gruver, her assistant, proceeded to read a crystal ball for Patricia Tesoro dressed to represent Mr. Dumm. As Miss Bennett spoke scenes from the past year's school life were enacted.

One of the most important scenes was the May Day procession in which boys dressed in burlap bags with colorful mop wigs and carrying bouquets of bananas paraded across the stage. The real May Queen, Jacqueline Kirk, dressed in the stage hand's overall, rolled out the carpet for the procession.

Peter Rakov was the blond queen with hurlap gown and bouquet of red bananas. Welter Schwettmann was maid of honor with drop shoulder affect gown; William Kisos, Edward Trombley, Robert Osterhout, Vincent Nicolosi, Owen Cassidy and James Embree, were the attendants. All carried bananas which they threw to the audience. Roy Boldt, senior class president, presided and also assisted in accompanying for the soloists in the talent show portion of the program. Ruth Behrens sang Love Is Where You Find It; Alphonsus McLenahan, I Don't See Me in Your Eyes; Vincent Stoley, Again; and Joan Ter. Eych. All the Things You Are and Star Dust.

Robert Straley showed some of the most talented showmanship of the evening in his pantomime recordings of Al Jolson.

For the future prophecy the audience was invited to a television show. The scene was a graveyard in the future with two parsons inspecting the epitaphs. These reported the progress made in life by certain members of the class.

Much fun was made of the new public address system in the school and bell signals for announcements given by Mr. Dumm. The bells sounded the call for a hearse driver and heralding the meeting of a ghostly group who

rose from behind the gravestones. Further reports of deceased members of the class were read.

To make the television show complete a commercial concerning the Kukuk caskets was given including a song rhyme about narrower on the outside, wider on the inside. The caskets were described as having a plush seat for rigor mortis to set in and the product had been thoroughly tested in Death Valley.

Miss Ramona Leonard, a junior, presided at the organ console.

The senior committee who planned the class night included: Barbara Barberich, chairman; Owen Cassidy, Arlene Ahl, Joan Bennett, Georgia Belmor, Roy Boldt, Elaine Elgo, Vivian Fisher, Richard Gruver, Beverly Hooker, Joan Kelsch, Helen Kukuk, Dolores McGrane, Gertrude Magnino, Joyce Popo, Laneta Radcliffe, Welter Schwettmann, Betty Jane Smith, Josephine Smith, Robert Straley, Pat Tesoro, Julietta Yaple, Ann Dolores Wargo and Gary Short.

The committee forgot one thing, June 27 is just naturally supposed to be warm and when the property managers decided to close those heavy curtains to darken the auditorium, all possibility of a breath of air was cut off from the audience.)

## Sweeney-Ostoyic Marriage Announced

Miss Eva Helen Ostoyic, daughter of Mr. and Mrs. Michael Ostoyic, Malden, became the bride of Philip Robert Sweeney, son of Mrs. Eleanor Sweeney of Clermont street, and the late Joseph F. Sweeney, Sunday, June 19, at 2 p. m. The double ring ceremony was performed in St. Mary's Church, Saugerties by the Rev. Edmund T. Hart.

John Keeley and daughter, Miss Joan Keeley sang I Love You Truly and Because. Mrs. Johnson was at the organ. The altar was decorated with white gladioli.

The bride was given in marriage by her father. She wore a white satin gown with train, long veil and beaded crown. She carried a white prayer book with white orchid.

Mrs. Rosemary Sweeney, sister-in-law of the bridegroom, Saugerties, as matron of honor, wore an aqua gown with matching headpiece and carried an old fashioned bouquet.

A reception for 100 guests was held at Reagan's Hotel in Malden-on-Hudson. The couple left for a wedding trip to upstate New York. For traveling the bride wore a brown and white print dress with white accessories

and a white orchid corsage. They will reside at Clermont street, Saugerties.

The bride attended Saugerties High School and is employed at the Miller Brassiere Factory, Saugerties. Her husband, a graduate of Saugerties High School, served three years in the armed forces and is now employed at Eastern Tractor Corp., Kingston.

## Emily A. Darrow, Wed in New York To Mr. Freisenbruch

Miss Emily Auchincloss Darrow, daughter of Mr. and Mrs. Frederick E. W. Darrow of Saugerties and 10 Mitchell Place, New York city, was married

Thursday afternoon, June 23, to William Henry Freisenbruch, son of the late Henry Freisenbruch and Mrs. Freisenbruch of Bermuda.

The ceremony was performed by Dr. Tibbotts in the chapel of the Riverside Church, New York city, with only the families of the bride and bridegroom present. The bride's sister, Mrs. William B. Nupent of Pinhurst, N. C., was her only attendant.

Miss Betty Darrow with her husband, Ronald J. Payne of England, were among the relatives present. A small reception for a few intimate friends followed on the Roof Garden at 10 Mitchell Place. Mr. Freisenbruch is vice president and general manager of Masters Ltd., Bermuda. After a short wedding trip, they will make their home in Bermuda.

## Ships Collide Near Nantucket

Nantucket, Mass., June 28 (AP)—The Dutch Steamer Nieuw Amsterdam and the New Bedford fishing vessel Marmax collided in dense fog 20 miles southeast of Nantucket light vessel early today.

The Coast Guard reported no one was injured. The fishing craft carried a crew of 12.

The Nieuw Amsterdam, en route to Hoboken, N. J., from Rotterdam, carried 935 passengers. She is owned by the Holland-America Line.

The 84-foot fishing craft messaged she was in "no immediate danger." The Coast Guard said the liner proceeded toward Hoboken after determining the Marmax could keep afloat with pumps. The steamer was due in Hoboken this afternoon.

The Marmax's bow was stove in. The Coast Guard said the steamer's hull was damaged slightly. The cutter Acushnet, headed under full power to the scene, she expected to arrive about 3 p. m. E.D.T.

## State Seeks Indictments In Pension Collection

Albany, N. Y., June 28 (AP)—The state seeks indictments today against eight retired public employees accused in an alleged disability pension collection racket.

About 12 witnesses from St. Lawrence, Oneida, Rensselaer and New York counties were slated to testify before an Albany county grand jury.

An assistant attorney general, Sidney B. Gordon, who confirmed reports of the action last night, said "several more" cases were being readied for presentation to the grand jury.

The state comptroller's office said June 7 it had stopped payments on disability pension checks for about 12 former public employees, as a result of a long investigation.

The department claims the retired workers were collecting larger disability pensions from the state than they were entitled to in relation to subsequent earnings from private employment. The pensioners are accused of submitting false data on their private earnings.

Gordon said the comptroller's office charged the retired employees with larceny, filing false claims against the state and violation of the civil service law.

The investigation and charges, it was said, do not involve straight, non-disability pension payments by the state system. These payments are not contingent on retired employees' subsequent earnings from private employers.

Employees of participating local municipalities as well as state workers are eligible for membership in the state employees retirement system.

## Judge Decides In Woman's Favor

New York, June 28 (AP)—Taking note of model Helen Bent's blonde charms and nice manners, a judge has ruled she was no "mere mistress"—but is a common law widow and entitled to \$125,000 of her husband's estate.

Surrogate William T. Collins yesterday recognized her 1928 common law marriage to Arthur C. Mandel, wealthy machine company executive. Mandel, who left her out of his will, died in 1946.

Granting the model half of Mandel's \$250,000 estate, Collins noted that she is "gentle and personable."

He said in an official opinion: "She is so singularly attractive it is not difficult to understand that the decedent would want her for a wife. She does not appear to possess the characteristics usually attributed to an adventuress or a gold-digger."

Witnesses had told the surrogate that Mandel always referred to the model as his wife.

She said he gave her a gold wedding band after they went through a wedding "ceremony" at a New York hotel.

The surrogate noted that the model cared for Mandel in his last illness, and was elected a vice-president of his pump and tank corporation.

Mandel, the court decision said, "manifested his great trust and confidence in Miss Bent's fidelity and integrity. xxxxx the relationship between them attained a higher and more solid level than concubinage. xxx"

"A businessman does not usually endow a mere mistress with such power," the surrogate said.

The whole body of the evidence indicates that the feeling between them "was deep and genuine, rather than casual or sordid."

Mandel willed the bulk of his estate in trust to a sister, Paula M. Hartmann.

## Newspaper Guild Asks Industry Pension Plan

Columbus, O., June 28 (AP)—The executive vice president of the American Newspaper Guild (A.N.G.) has called for a \$75,000,000 a year pension plan in the newspaper industry.

Sam B. Eubanks of San Francisco called for the plan in a speech at the opening of the guild's 16th convention here yesterday.

The guild, he said, faces two major tasks in 1949:

(1) Obtaining retirement income for employees in the newspaper industry.

(2) Improving performance of the American press as a task of public welfare.

The A.N.G. vice president said the pension plan could be set up without cutting newspaper profits.

"If the publishers would face courageously and honestly their dealings with newsprint producers," he attacked profits made by newsprint companies and said publishers were permitting themselves to be "milked by a snarling group of corporations."

## Meriden Record Purchases Journal

Meriden, Conn., June 28 (AP)—The Meriden Record Company, publishers of this city's morning newspaper announced yesterday that it has acquired control of the afternoon paper, the Meriden Daily Journal.

Both newspapers will continue publication, using the Record's plant.

Control of the Journal was acquired by purchase of a majority of the stock of the Journal Publishing Company.

Wayne C. Smith, publisher of the Morning Record, said consolidated publication of the two papers was made necessary by soaring costs of production and a desire to secure more efficient use of the Record's newly-equipped plant.

The one-plant operation, he said, is in line with a national trend for efficient newspaper operation.

## Unnecessary, He Says

New York, June 28 (AP)—Counsel for American railroads told a presidential fact-finding board today that extra firemen on Diesel engines are entirely unnecessary.

Howard Neitzert, the attorney, declared that "Diesel locomotives are operated safely and efficiently with the crews that are now assigned to them."

The fact is that locomotives could be operated safely and efficiently with fewer men than are now assigned. Counsel for the Brotherhood of Locomotive Firemen and Engineers told the board yesterday that the extra fireman was essential for the safety of the public and the railroad employees.

## Raimondi Is Held Without Bail on Homicide Charge

New York, June 28 (AP)—Peter Raimondi, 45, of 290 Edwards Place, Yonkers, N. Y., was held without bail for hearing July 13 when arraigned yesterday before Magistrate Raphael Murphy on a charge of automobile homicide.

Police charged that Biagio Figorito, 44, of 139 Wilson street, Yonkers, a laborer, was killed Sunday when a 10-wheel truck driven by Raimondi crumpled the bank of an excavation in which the victim was working at a housing project site at 227th street and Broadway, and crushed him.

Counsel for Raimondi said he would make application to a higher court for release of his client on bail.

## Two Are Rescued In Central Park

New York, June 28 (AP)—A man and a woman were rescued by a patrolman after their rowboat overturned last night in the boating lake in Central Park.

Patrolman Thomas McCarthy, 23, of 54-26 80th street, Elmhurst, Queens, dived into the lake when he saw the couple clinging to the boat about 25 feet from the shore.

The policeman brought ashore Miss Elsie Sedorka, 38, of 105 West 77th street, and then

## Many Mourners

Seoul, June 28 (AP)—Admirers of Kim Koo, slain Korean politician, stood three deep a block in each direction from his home today to pay final respects to the strong opponent of President Syngman Rhee. The assassin, a young army lieutenant, was still in a coma from a beating administered at Kim's home after the slaying Sunday.

## Dykstra Elected Ministerial Head

At a meeting of the Kingston Ministerial Association held Monday the Rev. J. Dean Dykstra, minister of the Fair Street Reformed Church, was elected president. The Rev. Merrill C. Johnson of St. James Methodist Church was elected vice-president and the Rev. John Dykstra, minister of the Hurley Reformed Church secretary-treasurer.

Reports of various activities of the association were received. Among them a report was made on the Fresh Air Children campaign under which children from New York city will be entertained in homes of Kingston residents this summer. Thus far some 30 children from the city will be given an opportunity to enjoy this privilege. On the local committee are the Rev. Burton F. Tarr, Rabbi F. D. Polke and Myron Keefe of the Boy Scouts.

Plans for a preaching mission to be conducted in the city next fall beginning with World Communion Sunday were also announced. This preaching mission will bring to Kingston for five Sunday evening services, some of the nation's outstanding preachers. The series will be conducted in various churches of the city.

## Noted Banker Is

founder of the Chrysler Corporation. In his early 70's, Hutton was a founder of Freedom's Foundation and is one of its three-man executive committee. He recently donated a 53-acre estate at Valley Forge to the foundation and eventually the Freedom Train will rest on that estate.

Aims of the Freedom's Foundation are to build and create an understanding of the spirit and philosophy of the Constitution and Bill of Rights, to inspire love of freedom and to inform and enlighten the American people to a better understanding of their individual responsibility in this republic.

Hutton has been described as a speaker who cannot be charged with being the mouthpiece of reactionary conservatism. He speaks for that which is neither left nor right but sound human philosophy. Next Tuesday's meeting, to be held at the Governor Clinton Hotel at noon, has been arranged by the Lions Club as a civic salute to this man who, after taking his first job in Kingston, rose to high places in the banking profession and now is giving freely of his time and money to promote America. Kiwanis and Rotary members will join with the Lions for the meeting, and a number of other guests from the city have been invited.

Frederic Snyder, who was influential in bringing Hutton to Kingston for this meeting, will introduce him.

Among the activities announced by the Freedom's Foundation will be the awarding of prizes to those Americans who, in 15 categories, have contributed most greatly to the better understanding of our American way of life. The awards will, even in the first year, exceed the amounts of the Nobel Peace Prizes, according to Kenneth D. Wells, the group's executive vice-president.

## Miller Is Dismissed On Assault Charge

A charge of third degree assault against Glenford Miller, 37, of 56 Henry street, was dismissed in city court today when the complainant failed to appear.

Miller was arrested at 1 a. m. by Francis O'Brien of the same address. Officers Joseph Fallon and Frank Sammons were dispatched to the house following a complaint by a neighbor of a disturbance there.

City Judge Raymond J. Mino sentenced Hannah Burmeister, 40, of 21 Abel street, to five days on a public intoxication charge. She was arrested following a report at 8:12 p. m. from the West Shore station that a conductor had seen a woman lying near the tracks near the O'Reilly street bridge. Officers Joseph Fallon and Frank Sammons answered the call.

**SAMSON WITHOUT DELIAH**—Reuben Lindstrom, 55, says whenever he cuts his hair he gets heart trouble. So for the past 25 years he hasn't had a haircut and is feeling fine. Lindstrom, who travels all over the country doing odd jobs, was taken off a freight train by railway police in Buffalo, N. Y.

**BROTHER-R-R-R!**—You're bowling along, driving a big truck loaded chock full of cases of dynamite and cans of nitroglycerin and you come to a railroad crossing. A speeding train hits the crossing at the same instant. Wham! In this accident near Tiffin, Ohio, the truck's deadly cargo was scattered over the ground but by some miracle nothing exploded. The driver, Clifford Higgins of Chicago, escaped with a bruised knee.

## Congress May Alter

In the hearing room "at the time of the allegedly perjurious answers," three hours later.

Therefore, Justice Murphy's majority opinion said, there was doubt that Christoffel was facing a "competent tribunal" at the moment of answer. The court therefore refused to sustain the perjury conviction.

Government attorneys, always reluctant to "talk back" to the court publicly, said privately that a Congressional custom 150 years old had been overturned.

They said a session of the House and Senate—or any of their committees—always has been considered legally in session, once convened—no matter how many members were present—unless some lawmaker raised a point of "no quorum."

The high tribunal's departure from this point of view led to forecasts that the committee quorum question may be raised wherever it applies in the cases of ten prominent Hollywood figures who refused to answer questions about alleged Communist connections two years ago. All ten were charged with con-

tempt of Congress following their appearance before the House Un-American Activities Committee in October, 1947.

By agreement, the government pushed only two of the cases—against John Howard Lawson and Dalton Trumbo—while the others awaited the outcome. Convictions in the district court were recently affirmed by the Court of Appeals, and the next round is scheduled in the Supreme Court.

One government source said that if the Christoffel decision stands, it may well nullify the "one-man investigation" technique frequently employed by the Un-American Activities group and other committees.

This official suggested that Congress might get around that by specifically delegating authority to a single lawmaker and declaring him to be a quorum of the committee he represents.

Otherwise, it was stated, witnesses before a one-man subcommittee might safely refuse to answer questions truthfully—or to answer at all.

## Cashin Grants Right To Sell Church Lane

County Judge John M. Cashin has granted the application of the minister, elders and deacons of the Reformed Protestant Dutch Church of the Clove, High Falls, to sell a portion of the real property of the church to Chestnut Street and wife.

The petitioners, appearing by Lloyd R. LeFever, petitioned the court for leave to sell the property for the sum of \$6,000, the proceeds to be used for the benefit of the church.

## To Plan Block Party

Mathew Morgan, president of the newly formed Uptown Business Men's Association, stated today a meeting of the organization has been called for tomorrow morning for the main purpose of organizing plans for a gala block party to celebrate the reopening of Wall street since its re-

paving. The block party will be held the evening of Wednesday, July 13. Tomorrow's meeting will be held at 10 a. m. in the basement of the J. J. Newberry Company store.

## Bendix, U.A.W. Strike Agreement Kept Secret

Washington, June 28 (AP)—Secretary of Air Symington announced an agreement today for settlement of the strike that has closed the Bendix Aviation Corp. plant at South Bend, Ind., for 70 days.

Terms agreed to by company and United Auto Workers officials were kept secret pending study and a vote by the workers. Symington summoned the union and management spokesmen here for conferences which ran through last night and into today. He said he did so because of the effect of the stoppage on production of airplane engines.

President Walter Reuther of the U.A.W. said both parties were fully conscious of the compelling needs of the air force.

Symington said agreement had been reached on the three major issues involved in the dispute.

Yonkers, N. Y., June 28 (AP)—Clifford Callwood, 52, Negro porter of 147-59 109th avenue, Jamaica, Queens, died of an ice-pick stabwound in St. Joseph's Hospital here early today. Police arrested Dennis Evans, 70, Negro, of 74 School street, Yonkers, on a charge of first-degree man-

## Forsyth Movies Scheduled Tonight

The second in a series of weekly movie programs sponsored by the Department of Recreation will be staged tonight at 9 o'clock at Forsyth Park.

The feature film is "It Happened Tomorrow" starring Dick Powell and Linda Darnell. This picture was previously shown at Block Park and the Veterans Housing development and attracted large audiences.

In the event of rain, the film will be shown under the pavilion. The film "Buffalo Bill Rides Again" starring Richard Arlen will be shown on Wednesday, at Block Park at 9 o'clock. This is a pictorial history of the life of William F. Cody, the famous "Buffalo Bill" of western frontier days. The public is invited to attend.

## Church Canvass Head To Address Ministers

The Rev. Earl Pleasant, national director of the United Church Canvass, will speak to a group of ministers and laymen Wednesday evening at 7:45 o'clock at the Y.M.C.A. on the proposition of whether or not a united canvass should be conducted locally in the fall.

The proposal will be laid before the group for consideration. A United Church Canvass, which has been conducted in many localities with great success, sets aside a certain date for the canvass of the city's congregations for funds for the operation of church activities. Under the present system now in force each church conducts its own canvass of its congregation at such time as it deems advisable. Under the United Church Canvass plan, the churches of the city conduct their fund campaigns simultaneously, thereby gaining wider publicity for the canvass.

# Larry Cauvel Will Pitch Opener Against Bridgeport Bees Tonight

## Sweetheart Night Expected to Draw 1,000 to Stadium

This is "Sweetheart Night" at municipal stadium but there will be no box of candy for the Colonials—just those rugged, league-leading Bridgeport Bees.

Manager Julie Laviano has two southpaws—Larry Cauvel, the pride of North Front street, and Hamilton Graham, ready for the Nutmeg State powerhouse which features predominantly portside sluggers.

All ladies accompanied by an escort will be admitted to the grandstand on payment of federal tax for this contest which is sponsored by the Colonial Booster Club. A crowd of at least 1,000 is expected.

Cauvel, with a 4-2 record, made his Colonial debut with a 4-3 victory over Stamford, and is counted on to give the Colonials the jump in the two-game set.

Graham twirled a three-hit shutout over the Bees last week in Bridgeport and a reasonable freshman of this 14-year-old job will bring much joy to the Kingston rooters.

**Handy in Lineup**  
The star-studded Bridgeport lineup features George Handy, Cuban second baseman who leads the league with 14 home runs and a .365 batting average. Handy personally delivered a 3-1 victory over the Colonials last week with a pair of round trippers.

Other Bridgeport standouts are Bobby Sherwood, Ary Arkellian and Harry Pauls, hard hitting first sacker who bats in the cleanup spot.

The Bees, who lead the league in team batting and fielding, are also strong in the pitching department where the top quartet of Manager Olie Byers, Harry Erick, Fred Luciano and Ericson boasts a 21-4 record.

Manager Laviano figures that Cauvel and Graham in top form will give the Colonials an even chance against the Bridgeport powerhouse. Pauls, Arkellian and Handy swing from the left side and the percentage is with a good southpaw chucker.

**New First Baseman**  
Meanwhile, President Ted Laviano announced this morning that a new first baseman, Bill McCarthy, was due to arrive today for a discussions of terms.

McCarthy batted .311 for Lancaster, Pa., in the Class B Interstate League last season and had an impressive slugging percentage. He pounded out 104 hits in 137 games, with 25 doubles, three triples and 21 home runs. His 118 runs-batted-in were second highest in the league.

Wednesday's contest against the Bees will be "Service Night" with local civic, fraternal and service organizations paying tribute to the Colonials.

**COLONIAL CAPERS:** Club is giving a looksee to William D. McKeever, St. Lawrence University varsity hurler who was graduated this month. A native of Newburgh, N. Y. (near Albany), he stands 5 feet 10 inches, is 20 years old, and left-handed. The 500 crowd Saturday despite the inclement weather was a tribute to rising fan interest in the club.

Three weeks ago, the game wouldn't have drawn a corporal's guard. Gabe Mauro, the interim manager of the Chiefs, had to almost forcibly remove Adkins from the box in the ninth. The Chief strategy that followed was terrific, because it all clicked. In Sunday's doubleheader in Poughkeepsie, Harry Petty had two strikes on Eddie Passler when he clouted his homer, and two on Billy The Kid Ostrom when the latter delivered the game-winning single. Fielding in Saturday's shindig was the most spectacular of the season. Morris Stumpfling and O'Dell robbed Colonials of baschits, while Ralph Matzer executed a dazzling one-handed stab of Morris' liner. Colonials have their hooks out for a left handed first sacker who can fill the No. 4 slot and a third sacker. Granato is drawing too many Ks in the cleanup spot. Ted Laviano hopes to have an announcement in the next few days.

## CYCLIST ENDS CROSS-COUNTRY RIDE

George F. French III, 19-year-old Princeton senior, holds up twin bottles of water after driving his bicycle into the Pacific Ocean at Asbury Park, N. J., nearly 24 days before. One bottle holds Atlantic Ocean water and the other, Pacific. He had made several bets he could make the 3,046.2-mile ride in less than 20 days.

## MAJOR LEAGUE ROUNDUP

By The Associated Press

By JOE REICHLER

The majors are headed for an attendance decline from last year's record breaking totals, comparative figures showed today.

With most of the 16 clubs having played nearly half their 77 home games, a check revealed that only six clubs are ahead of last year's figures.

Through games of last night, a total of 8,568,438 fans paid to watch the teams in action, as compared to the 8,965,152 who saw the same number of games in 1948. That is a drop of 376,714.

At this rate, the majors are certain to fall approximately a million behind last year's record figure of 20,943,315.

### Indians Victims

The Cleveland Indians have suffered the biggest drop, having drawn about 145,000 fewer fans than in '48 at a corresponding date. Cincinnati, Detroit, the New York Giants and Philadelphia Phils are others which have fallen 100,000 below last year's figures.

The Pittsburgh Pirates show the biggest gain, 180,000 more than last year. The Chicago White Sox, Washington Senators, Boston Braves, Brooklyn Dodgers and St. Louis Cardinals also are ahead of their '48 figures.

### Cubs Beat Cards

The Cardinals drew a night game crowd of 13,178 in the only regular game played in the majors yesterday, but the fans were doomed to disappointment as the Chicago Cubs beat the Redbirds, 6-1. The defeat prevented the Cards from tying the Dodgers for the league lead. Instead, the Redbirds are now a full game behind the Braves.

Johnny Schmitz hung the defeat on St. Louis, but needed help from Walt Dubiel in the seventh. The Yankees defeated the Giants in an exhibition game at Yankee Stadium, 5-3, when Kirby Higbe walked two men with the bases loaded in the eighth to break a 3-3 tie.

### DiMag in Debut

Joe DiMaggio, the Yankees' ailing outfielder, playing his first game of the season, went the full nine innings and declared his injured heel gave him no added pain. He failed to get a hit in four official times at bat.

Mickey Owen reinstated catcher, playing his first game for Brooklyn, singled in the ninth and scored the winning run as the Dodgers defeated the Cleveland Indians, 4-3, in an exhibition game at Ebbets Field.

The Philadelphia Phils routed the Athletics, by a one-sided 19-2 score and Cincinnati defeated Detroit, 10-4, in other exhibition tilts.

## DiMag Pleased With 1949 Debut

New York, June 28 (AP)—"It felt good—I mean playing out there felt good."

That's the way a happy Joe DiMaggio described the first baseball game he's played since April 11, back before the start of the season.

The New York Yankees' \$90,000-a-year bench warmer took over his old centerfield spot and went the full nine innings in an exhibition game against the Giants last night at Yankee Stadium.

He didn't help much in the Yanks' 5-3 victory. He popped up weakly in four times at bat, walked once and made two easy putouts afield.

But he was so encouraged that he is counting heavily on getting back into regular competition in the three-game series with the Red Sox, opening tonight in Boston.

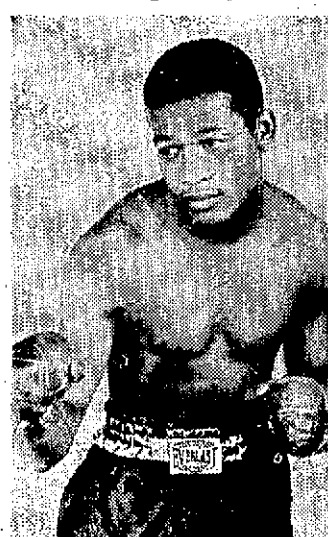

"I'd like to play, and I think I can play soon," he said. He said his ailing right heel hurt some, but not much.

"I'm ready to go when I'm called on. It's up to Manager Casey Stengel."

**CROWD PLEASER**—Jackie Robinson is far and away the most spectacular player of the game in the field, at bat and on the bases. The Brooklyn second baseman leads the National League in batting, runs-batted-in and stolen bases.

## In Poughkeepsie

## RAY ROBINSON

Ray "Sugar" Robinson, world's welterweight champion, will definitely appear at Riverview Field, Poughkeepsie, on Thursday, June 30, for a four-round exhibition on the amateur boxing card sponsored by the Beth-El Men's Club.

It was announced today.

Robinson will be the first world's boxing champion ever to appear in a Poughkeepsie ring.

Robinson will appear as guest of the club and will donate his services to the Cancer Fund. He will receive no remuneration and is appearing voluntarily as a result of his earnest desire to help the Cancer Fund, the Beth-El Men's Club said.

The New York Negro will defend his welterweight crown against Kid Gavilan of Cuba on July 12 in Philadelphia. Robinson is training in Pompton Lakes, N. J.

According to the promoters, Robinson will box two exhibition matches of two rounds each against Richie Dallas and Davie Green, two of the sparring partners who are helping to get him in condition for his title defense.

The card will feature 40 rounds of boxing—eight five-rounders—and several outstanding Golden Gloves boxers are scheduled to appear. The proceeds will go to the Cancer Fund and other Poughkeepsie charities.

Ruby Goldstein, former welterweight contender and now one of boxing's greatest referees, will handle a couple of the bouts. Ray Arcel and Whitey Binstein, two of the country's top trainers, will be at the ringside. Other famous sports personalities will be announced later.

## Fights Last Night

By The Associated Press

Pittsburgh—Joe Adragman, 128, Pittsburgh, outpointed Joey Barone, 121, Pittsburgh (10).  
Providence, R. I.—Art Towne, 156 1/2, New York, outpointed Billy Gordon, 159 1/4, Fall River (10).  
New York—Roland La Starza, 185, New York, stopped Harry Haft, 172 1/2, Brooklyn (4).

# Wiltwyck Motors Edge Franks 7-6 to Cinch 4th in Two Loop

## Murray's Single Decides Contest

Wiltwyck Motors rallied with three runs in the sixth inning to edge Franks' Sport Shop, 7 to 6, yesterday at the Athletic Field.

The victory enabled the Motor-men to close out the first round with a record of four wins and three losses. Franks' dropped their sixth game in seven starts to wind up in a triple tie with Boulevard Gulf and Colonial Merchants for the cellar spot.

## Big Game Today

Second place will be at stake this evening when Morgan's Restaurant battles Chez Emile. Both clubs have identical records of five and one and will lead off with their aces—Artie Barnes and Bud Swarthout.

Having tallied four times in the first inning, Franks' led 6-4 at the end of the fifth when "Pappy" Sickler launched Wiltwyck's rally with a single to right.

## Murray Delivers

Bill Goff hit Schrowang with a pitched ball moving Sickler to second and Scheffel scored him with a safety to center. Schrowang also scored and Scheffel raced to third when Finkle let the ball get through him for an error and the score was tied at 6-6. Red Murray's hit to deep short chased Scheffel across with the winning marker as McElrath held the Motor-men at bay in the seventh.

Doubles by Goff and Davis plus singles by Ferraro, Gorsline and Forte highlighted Franks' four-run outburst in the first. They picked up their final rallies in the fourth when Bob Watzka achieved a clean steal of home and Buchanan, Gorsline and Watzka had pumped singles behind a frame opening walk.

Ronnie Scheffel was the Wiltwyck batting star with two singles and three RBIs. Sickler also accounted for two hits, while Bob Watzka and Red Gorsline hit safely twice for Franks.

## Yesterday's Stars

(By The Associated Press)

**Batting**—Hank Sauer, Cubs — Drove in three runs with a home run and single to lead the Cubs to a 6-4 victory over the St. Louis Cards.

**Pitching**—Walt Dubiel, Cubs — Relieved Johnny Schmitz with tying runs on bases in seventh inning and held the Cards scoreless the rest of the way to preserve the Cubs' 6-4 triumph.

Only Bobby Jones (1923, 1930) and Gene Sarazen (1932) have won the U. S. and British Open golf titles in the same year.

## New Bowling Lanes For New Paltz

An eight-alley bowling center is under construction on Route 32 at the north edge of the village of New Paltz.

Preston Bennett, Jr., of Wallkill, owner of the building, estimates the cost at \$55,000. He plans to open between September 15 and October 1.

The building, of one-story cinder block construction, is being erected under contract by Oscar Parmlin, former New Paltz resident now of Middletown. It will contain, in addition to the eight Brunswick alleys, a refreshment stand, office and rest rooms.

When completed, the alleys will be operated under the personal supervision of Bennett, who formerly owned and operated a Texaco service station at Wallkill. The service station has been taken over by Preston Bennett, Sr.

Newark—Tippy Larkin, 143, Garfield, N. J., outpointed Aldo Minelli, 145, Italy (8).

## Kell, Robinson Lead in Batting

Chicago, June 28 (AP)—Dom DiMaggio, little Boston Red Sox outfielder, surged 14 points to .339 during the week to challenge injured George Kell of the Detroit Tigers for the American League batting lead.

The side-lined Kell maintained top spot with .353 but DiMaggio climbed into contention only 14 points behind.

Boston's Ted Williams, the 1947 and 1948 A.L. batting champion, continued in third place with a five point increase to .319.

**Robinson Tops National**  
New York, June 28 (AP)—Jackie Robinson, Brooklyn's dynamic second baseman, is refusing to yield an inch in his campaign to win the National League's batting title.

Robinson picked up nine points during the past week to boost his pace-setting figure to .367. That's 19 points better than Ralph Kiner's runnerup .348.

The Pittsburgh cleaver enjoyed a batting spree of his own, to boost his mark 15 points from his fourth place .333.

### Bagatelles:

What is more relaxing than a friendly, enthusiastic sports argument while hiding behind a couple of beakers of golden brown lager these hot and humid days? Three beakers of brews, perhaps. Yet, it is intriguing to get the other fellow's slant on common sports situations and the rules relating thereto. You'd be surprised how little some folks know about rules of golf, baseball, et al.

### Play From the Heel Print:

Take, for instance, the question of a golf ball landing in a heelprint or any other depression in a sand trap. Do you lift the ball without penalty from the heel print? Of course not. The rule is specific that the ball must be played where it is found, even if it's buried.

Ninety per cent of the golfers will automatically lift the ball to a level position. Whenever a golfer drives a ball into such a predicament, it involves golf ethics. Each and every golfer should observe a fundamental tenet of the game—smooth all footprints after leaving a sandtrap. The primary responsibility rests with the golfer club to keep the traps well sanded and raked. After that the golfer takes over. If he neglects his duty, the next fellow gets hurt.

On the approaches to a putting green it is now an official rule that the golfer farthest from the pin play up first, whether he's in the fairway, a sandtrap, on the green, or the clubhouse porch. It's surprising how many golfers you'll find forcing a member of their foursome to play up if he's only ten feet away but off the green, while another player may be 50 feet away on the green.

### On Keeping a Boxscore:

The interpretation of baseball rules and trick situations has kept many a bartender up long after the cash register stopped ringing while the trade launched into a tirade about the relative skills of Jo DiMaggio and Ted Williams or some other infinite argument.

We know. We used to work that night shift and it was an almost nightly occurrence to receive a call from some tap room or bar where a hot baseball argument was in progress. You'd be greeted by something like this: "We got an argument here. If a player hits a fair ball over the fence and then breaks his leg while rounding second base, what happens?"

The answer is simple. First you extend sympathy to the fellow with the broken leg and then substitute a pinch runner who completes the circuit from the point of the accident and the hit is an official home run. But it isn't always settled that easily in the early hours of the morning when tongues are saturated with lager and the clocks have stopped.

### What About That Stolen Base?

Listening to the Dodger broadcasts we have noticed a growing concern on the part of Red Barber on the question of scoring stolen bases when no obvious effort is made by the defensive catcher to make a play for the runner.

This is an interesting argument, particularly if you have had any experience keeping a baseball boxscore. An accurately recorded boxscore to the nitty-gritty is about as simple as Uncle Sam's long form. Not one baseball fan in a thousand can keep an accurate, intelligent boxscore and then transcribe it for publication. But then, maybe, fans aren't supposed to do that.

### The Age of Innocence:

An amusing sidelight on the average fan's approach to a boxscore is reflected in a story out of the New York League. It seems that the business manager of one of the clubs was circulating through the stands on a good will tour. He sat next to a pair of young, feminine rooters who were scribbling furiously after every play. Eventually, the business manager noted the letters "WL" beside the name of some of the players.

"What does that stand for?" he asked curiously. "Wasn't looking . . . .", was the snappy rejoinder.

### Credit That Stolen Base:

On that question of steals, if a base runner advances a base, whether a play is made on him or he travels unmolested, he must be credited with a stolen base. That's the way we score it, except in cases where a team may be leading, say 10-0, and a runner gets in in the late inning and moves around unmolested.

Under any other circumstance, the base runner is entitled to a stolen base. The boxscore must show the movement of every player around each base. The question is: "If he didn't steal, how did he get there?" The trend among midwestern baseball scorers is to deny a stolen base unless a play is made on the runner.

We can't go along with that. A base runner should not be denied a stolen base because the defensive catcher refuses to make a play or fails to do so because he declines to risk the chance of a wild throw and in effect conceding the stolen base.

Finally, in all the 20 years that we've been keeping score, we've never seen any boxscore summary that had a section for "advanced a base unmolested."

### Section 9 Golf Crown Captured By KHS Linksman

Kingston High School golfers captured the Section 9 title at Central Valley with low gross score of 341, 10 strokes better than the second place Piermont club.

The competition was based on aggregate scores for four-man squads.

Piermont High was second with

351; Tuxedo had 380; Middletown 390, and Suffern 396.

Leon Randall and Dick Davenport shot identical rounds of 40.

42-82 for the best medal score.

The Kingston modalists were

Randall 40-42-82; Davenport 40-

42-82; Charles Bostic 43-41-84;

John Gleason 43-44-87; Jerry

## Prison Terms Imposed

New York, June 28 (AP)—The one-year prison terms imposed on Dorothy and Pearl Bloom for rent gouging were cut to six months today. The reduction was voted four to one by the Appellate Division of the Supreme Court. Dorothy Bloom, 43, also was fined \$4,000 and Pearl, 41, \$3,500 at the time of the prison sentence. The fines will stand.

## Dump Fire Checked

Firemen checked a dump fire at Yeoman and East Union street early this morning and a grass fire at Hasbrouck Park early yesterday afternoon. The oil was at 6:35 a. m. for the dump fire, and the police were asked to investigate its source.

The earth's population in 1949 was over two billion, or more than double that in 1800.

## ROSENDALE NEWS

## Grange Card Party

Rosendale, June 28—Rosendale Grange 1501 will hold a card party at Grange Hall on Main street, Wednesday evening, June 29, beginning at 8:30 p. m. Mrs. Peter LeBello, Jr., chairman of the service and hospitality committee, is in charge of arrangements.

## Picnic Enjoyed Sunday By Rosendale Grange

Rosendale, June 28—The woodland picnic area at the old covered bridge in Tillson offered pleasing respite from the heat for Rosendale Grange members and friends who gathered there on Sunday afternoon and evening for their annual summer picnic. Some of the more ambitious of the men took part in pitching horseshoes. Mrs. Fred Hilker provided entertainment in the form of a competitive game of balancing eggshells on a wooden paddle, with prizes for all who participated. All of the children and some of the grown-ups enjoyed boat rides on the Wallkill provided by Wilbert Rodegards in his outboard motorboat. As appetites quickened, two camp fires kept in constant use to provide hot dogs and hamburgers for all. Ice cold soda was furnished by the service and hospitality committee. In the dusk many of the older members recalled nostalgic memories of other picnics and outings of the past that had been held at the site of the historic covered bridge.

## Bontecon Graduate Get Certificates, Prizes

Rosendale, June 28—The three members of the graduating class of Bontecon School, District 6, Town of Esopus, received their certificates from the District Superintendent Ralph Johnson at the graduation exercises held in conjunction with the Rock School at the Rifton town hall on Saturday evening.

They were Doris Claus, Helen Purcell and Walter Chamberlain. Helen Purcell received an award for perfect attendance, and Walter Chamberlain an award for achieving 91 per cent in regents in mathematics. Harry Purcell, a fifth grade pupil at the Bontecon School was also given an award for one year's perfect attendance. Prior to the graduation ceremonies pupils of the Rock School presented a delightfully entertaining operetta "The Pirates Daughter," in a manner that would have done credit to an adult cast. The diction was unusually good, the costuming excellent. Also included in the entertainment were several choral speaking selections by lower grade pupils directed by Mrs. Eleanor Moss; a violin solo, a trumpet solo, and two drills by the 4-H Girls. The operetta was directed by Miss Anna Devine. Pianist was Mrs. G. Clements. American Legion awards were presented by Charles Elmendorf, Teacher at the Bontecon School is Mrs. Sterling DeWitt of New Patz.

## School Card Party

## Color Highlights Male Vacationer

Men's Summer Sportswear Is Tailored With Comfort

SPORTS LOOK FOR SUMMER: MALE: Tailored shorts (left) are the new design for golf, walking or loafing. Made of tropical worsted, Wool Barret experts tailor those with a lightweight wool shirt; their counterpart, for swimming, are in gabardine and also tailored. Another in washable rayon (bottom center) from Amoritex has a subdued pattern, with a bolder look for junior's cotton shirt.

## By NEA Service

New York — (NEA)—Comfort freedom of action and utility are the keywords in 1949's wardrobe for the American male's summer time fun.

But the slopy-Joe style of comfort is being pushed out of the picture, according to men's clothing experts. Designers are adding the tailored touch to everything from sports shirts to shorts, and throwing in a lot of color to go with it.

The shorts, incidentally, will be a bigger part of the male summer wardrobe than ever before.

For walking, golf, or just lazing around, the American design is a pleated, short trouser that ends above the knee—a little longer than the traditional tennis shorts, but shorter than the knee-length style copied from the British.

The same tailored look carries over to the newest swimming trunks, too; except for a snug-fitting belt and a waterproof pocket for change, they look almost like walking shorts. Plenty of the bolder-styled trunks in knitted fabrics will still be around, however.

While the T-shirt, either plain or with trimming or stripes, will be a big part of the summer scene

for active sports and very informal wear, the new dressier sports shirts emphasize both color and versatility.

In lightweight wool, rayon and cotton, they're designed to be adaptable for just about every summer occasion except dress-up in town. They're found in subdued patterns, such as glen plaid or palm trees, for instance, or in rosevine, aqua and pearl gray, among others. But bolder patterns and colors haven't been eclipsed as yet.

Washability is being stressed in almost every item of men's sports wear, no matter what fabric is used.

## Testimony Is Offered

New York, June 28 (AP)—Testimony was introduced today that two alleged lonely hearts slayers were seen outside the Albany, N. Y., home of Mrs. Janet Fay, 66, before and after the widow was slain. Mrs. Helen Bernard, of Albany, where Mrs. Fay had an apartment, testified that on January 3 last she saw Mrs. Fay leave the house with Raymond Fernandez, 34. On January 5, the day after the slaying, Mrs. Fay was killed, Mrs. Bernard said. Mrs. Bernard Beck, 29, went to the house for some of Mrs. Fay's personal effects, Fernandez' and

Mrs. Beck are on trial in Bronx Supreme Court on a charge of first degree murder in the bludgeon-strangulation slaying of Mrs. Fay.

## Fight at Cathedral

Paris, June 28 (AP)—Fists flew this morning at the Cathedral of Notre Dame. When relatives of Philippe Henriot attended a mass on the sixth anniversary of his death, about 300 Communists staged a demonstration that wound up in a fight before police intervened. Henriot was Vichy minister of information. He was assassinated June 28, 1943.

SEEN HIM?—A 48-state police alarm is out for Sigmund Z. Engel, 73-year-old "love pirate," described by police as a "matrimonial swindler de luxe." His picture was identified by daughters of Mrs. Reseda Corrigan, after their mother disappeared June 12. She told her daughters she was going to get back money she had entrusted to Engel. Police say Engel swindled the 39-year-old widow out of \$5000 on promises of marriage.

BUG BLITZ—A light plane trails plumes like a bomber's contrail as it sprays Lyons, Kan., with DDT. A 1,000,000-acre area in Wyoming is also being blitzed in order to kill the highest concentration of grasshoppers ever recorded in the U. S. The young 'hoppers threaten to wipe out a large part of the nation's corn and wheat crop if they're not wiped out.

SOUNDS IN THE NIGHT—Model Serena Sardo is supposed to be registering fright as she is awakened by sounds of a burglar in the house. But it's the burglar who's going to be frightened if claims of a Newark, N. J., manufacturer are proved. The little gadget Serena holds is a burglar alarm. She flips a switch and a siren howls like a banshee on a bender. Alarm is small enough to be carried in pocket or purse.

## Calls It 'Hocus-Pocus'

Washington, June 28 (AP)—Judith Coplon's defense against espionage charges is "hocus-pocus," a government prosecutor told the jury today in closing arguments. The description was given by Raymond P. Whearty, an assistant attorney general, leading off the final pleas by lawyers. Defense Attorney Archibald Palmer was next man up in support of the former Justice Department political analyst's plea that there was nothing wrong in

her possession of material from secret government files when she was arrested in the company of a Russian, Valentine A. Gubichev. There was a brief recess after Whearty spoke and before Palmer opened his address.

MAMA WINS BY A WHISKER—Schuyler Van Johnson, 16 months, seems to prefer her mother's smooth skin to her famed pop and his scratchy beard. Hollywood star Van Johnson sports the growth for a current movie role.

## Rescue Work Goes On

Frackville, Pa., June 28 (AP)—A rescue crew today continued the tedious task of attempting to reach an elderly coal miner trapped 60 feet below the surface. Late last night, the rescue workers recovered the body of a second

miner trapped after a sudden fall of rock in an independent mine. The body of Joseph Szabowicz, 63, Frackville, was found covered with rock and dirt after nine hours of digging by a crew led by Stanley Dixon of Maizeville and Stanley Blum of Gilberton.

## Fire Burns Addition to Woodland Valley Home

Fire which started in the roof destroyed an addition to the home of George Betchford at Woodland Valley about 2 1/2 miles from Phoenicia about 4:30 p. m. Monday. The main part of the house also suffered some fire and water damage, Phoenicia firemen said.

Exact cause of the fire has not been determined, but it is thought probable that the roof ignited from a spark from a rubbish fire.

Firemen were hampered in pumping water to the home because of its location on a hill at a considerable distance from the creek. Two pumpers from Phoenicia, one from Woodstock and one from Olive Bridge responded to the alarm.

The great Salt Lake now covers 1,500 square miles, less than one-tenth of its original area.

Lacia Zarate, who measured 20 inches in height, was the smallest person on record.
